The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

For an immortal being to set his affections on the things of this world is like falling in love with a sparrow as it flies by us and out of sight.—Marcus Aurelius.

To Keep Cider Sweet.

When fresh from the press add one-fourth ounce sulphite of lime per gallon of cider. Keep in tight, full barrels or kegs. The addition of sugar or chemical improves keeping qualities. Boiled cider also keeps well, if sweetened. Addition of mint, wintergreen or other flavors adds to quality.

A "good laugh" is not quite the same thing as a hearty laugh. Occasionally you may have seen young people convulsed with laughter over something that meant suffering and disaster to another. Many a laugh has been raised by an unclean suggestion. But it is a "good laugh" that has no hint of impurity or unkindness.

True Education.

Education is not learning; it is the exercise and development of the powers of the mind. There are two great methods by which this end may be accomplished; it may be done in the halls of learning or in the conflicts of life.—Princeton Review.
