HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

Physician—Now, Mrs. Smalltalk, will you let me look at your tongue?

Mrs. Small talk (two minutes later)—Well, doctor, why in the world don't you look at my tongue if you want to, instead of writing away like a newspaper editor? How long do you expect I am going to sit here with my mouth wide open?

Physician—Just one moment more, please, madame. I only wanted you to keep still long enough so that I could write the prescription.

America Leads.

The method of pressing American cottonseed oil is typical of the way hot-pressed oils are made, and the machinery and processes used in the production of this oil in the United States are superior to those of any other country. Plants of American design and construction are in operation in Europe, Asia Minor, India and China.

Requisites for Summer Outing

The call of the wild makes itself heard in the cities but finds few listeners in the rural districts. There the call of gay summer resorts entices those who have had enough of solitude and are looking to be refreshed by companionship rather than quiet. The shops are full of outfittings to suit the needs of everybody bound everywhere, whether to the wilderness, the mountains, the sea or cityward and it is noteworthy that stout service suits find a place in all displays. These are intended for women who will camp, climb, tramp ride and enjoy living out doors for a time this summer, and they are the straws that show the direction of the wind; for all the best outfitters have inexpensive outing suits of this kind.

A suit that will do to live in, come what may in way of weather and roughing it, is shown above at the right. It provides knickerbockers with leggings attached, a detachable skirt that buttons at the front, and a good-looking coat with big patch pockets. One can imagine the blouse of brown linen, pongee, cotton or shirting silk and whatever stout boots are comfortable. The hat might be of cloth, felt or straw so long as it fits well and shades the eyes a little.

Where no very strenuous demands are to be made upon an outing dress, the outfit at the left may be chosen to fit in with almost any background. It has a skirt of strong ribbed silk bound with a plain wood cloth and a coat of the same material as this lining. Large buttons are set down the front by way of ornament for the skirt and the coat is finished with shawl collar and patch pockets. There is an odd bag to match this coat, that will carry a good many things—as a little lunch, a book, writing requisites, or a bit of needlework. A pompon hat fits into the scheme of things here and carries a sash about its crown.

KEEP YOURSELF FIT!

You can't afford to be laid up with sore, aching kidneys in these days of high prices. Some occupations bring kidney troubles almost any work makes weak kidneys worse. If you feel tired all the time, and suffer with lame back, sharp pains, dizzy spells, headaches and disordered kidney action, use Doan's Kidney Pills. It may save an attack of rheumatism, dropsy, or Bright's disease. Doan's have helped thousands back to health.

A Michigan Case

J. W. Viers, 529 Milwaukee Avenue, Jackson, Mich., says: "I had sharp pains across the small of my back caused by a strain. I was bothered when at work and when I stooped the pain always seized me. I had been told Doan's Kidney Pills highly recommended and finally began taking them. They soon cured me and during the past year I have had no sign of the trouble."

As He Walks Along.

The local society in the town of Voronezh in Russia has discovered what everyone else has failed to find, hitherto a royal road to learning. And, like every really great discovery, it is simplicity itself. Placard the principal thoroughfares of your town with "portraits and brief news items," and what have you? Why, a "Street University." "In this way," declares the inventor, "any citizen, instead of spending years at a bourgeoise university, can pick up a general knowledge of the principal subjects as he walks along." As he walks along. Even so.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to complete clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

COCA-COLA WILL BE USED TO CHRISTEN ENGINE

Program Will Feature Exercises at Fire Hall on Wednesday.

(From Nashville Tennessean.)

Miss Dallas Dudley, the new fire engine at the Waverly-Belmont fire hall, will be christened on Wednesday afternoon at 2 o'clock with appropriate exercises. Mrs. Guilford Dudley, for whom the engine gets its name, is one of the state's pioneer suffragist workers and it is due to her untiring work that partial suffrage was given the women of Tennessee. Mrs. Miles Williams, a resident of the twenty-first ward, is chairman of arrangements, and also a pioneer suffragist, and little Judith Winston Folk, the 6-year-old daughter of Mr. and Mrs. Rean Folk, also a pioneer suffragist and the youngest member of the Nashville organization, has been chosen sponsor. Miss Folk has selected as her maids the following young girls, daughters of prominent suffrage leaders: Travania Dudley, Lenore Kenny, Kate Barksdale Harper, Ingram Mary Sue Cantrell, Jane Lewis and Elizabeth Smith.

At the christening not champagne but a bottle of coca-cola will be broken and the maids will shower the engine with yellow flowers. Speeches will be made by Mayor William Gupton, Commissioner Tompkins and Chief A. A. Rosetta. Mrs. Dudley, a member of the national suffrage organization, and Mrs. Rean Folk, chairman of the city organization, will be honor guests of the occasion.—Adv.

May Use Cottonseed Oil.

In the United States the yellow unbleached palm oil is used very largely in the tin plate industry. So far it is almost the only substance which has been found satisfactory as a flux on the discharge side of the pots of melted tin through which the sheet iron plates are passed to receive their coats of tin. Recent experiments with hydrogenated cottonseed oil, however, indicate that our tin plate industry will be independent of this foreign-controlled oil.

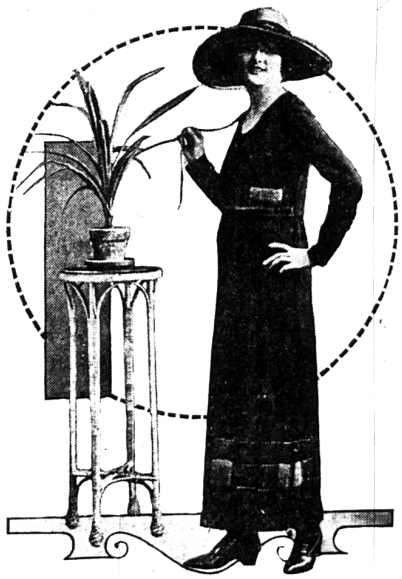
New and Versatile All-Day Dress



The days are not long enough for all the affairs of up-to-date, busy women, and so they are providing themselves with time-saving expedients. A new and versatile dress, called "the all-day dress," is one of these modern conveniences. It must do duty from the beginning of the business day until the end of the same at least, and may be longer. Designers are called upon to keep in mind that the all-day dress must be informal enough for morning wear and smart enough for afternoon; helped out with certain accessories it will pass for all hours and occasions in everyday affairs. They have worked out their task in several ways, and one example of their successful effort is pictured here.

This is a plain one-piece frock of wool trimmed with narrow braid and angora cloth.

It is belted across the front and has a semifitted bodice, with skirt set on at the back. The coat sleeves that button along the forearm, the plain neck finish and the long skirt are items that are approved in present fashions. It is the trimming of narrow braid and angora cloth that gives this dress distinction. It is original and effective and looks "tailored," therefore appropriate for street wear.

This is only one of many smart and practical frocks for street wear. In some of them serge and satin are combined with embroidery as an embellishment. If embroidery is left out a rich sash may be added or the frock, no matter how quiet in color, achieve distinction by originality in cut, side lines and a hint of a wrap at the bodice. We may look for very novel things now that costumers have in mind all-day frocks that will replace the tailored suit. They will brighten and add interest to our streets and save time for women who must attend to many things.

Much Trimmed Hats.

It is at least ten years since hats were trimmed as profusely as many of the summer hats will be, so the milliners say.

If There Are Children in The Family—

you owe it to them to be sure that the baked foods they eat are made with

ROYAL BAKING POWDER.

There is a very sound reason for this, even aside from quality and flavor.

There is no alum or other chemical in ROYAL BAKING POWDER to retard digestion. No mineral to injure the delicate membranes of the stomach. No bitter taste to spoil the appetite.

Royal gives you the surety of purity and is by far more economical in the end. Therefore all thoughtful mothers use
