## LETTER FROM THE STATE CAPITOL

HOUSE OF REPRESENTATIVES ADOPTS BILL TO CONTINUE STATE CONSTABULARY IN FORCE.

## BUDGET BILL PASSES HOUSE

Measure Passes House Requiring High.
way Commissioners to See That
Weeds Are Cut Along Roads By July 1. .

By William Lee Calnon

By William Lee Cainon,

- Laiseing, Mich.

The bill to continue the state constabulary in existince has been adopted
as vote of 79 to 12. The vote does not indicate it, but the -bill passed only
after two days of hard batting among house members, one fight coming in
continuite of the whole and the other
when the bill was in for final mass.

The principal contention was over difference. It is given to preference, in appenii, lig troopers, to vecterans of the research war. The bill, as it came before the property of the property

The bill now has gone to the cenatic, which also has before it a resolution by Senator Lemire to abolish the constabilary.

The budget bill passed the house by a vote of \$5 to 6, the threatened light on this measure not materializing to many extent. In committee of the whole an effort was made to place the whole an effort was made to place the supporters declared that 4 man of the right caliber to make the Middet system a success could not/be had for \$2,500, and defeated the amendment of \$1,000, and defeated the supported the bill provided the support of \$1,000, and defeated the support of \$1,000, and the \$1,000, and \$

the distinction of killing a will with one speech against it. The bill simed to give country school commissioners minimum salaries of \$1,200 and to require that they devote their entire time to the duties of their offices. Hail, for 15 years a school commissioner himself, declared that many amall counties could afford to pay only the minimum and had ealy work enough to keep the commissioner busy for one-quarter to one-balf the time. By leaving the matter to the

finitely postponed the bill.

In spits of the objections made by some of the house members to appropriations for the University of Michigan and the Michigan Agricultural College until hoth of those institutions explain what they done with the proceeds of the mill taxes on which they mainly depends, special appropriation bills for both are coming in. The latest, for the M. A. C. were introduced by Senator James Henry, of lattic Creek. One bill asks for \$100,000 for a library and administration building at the East Lanshin institution. An other hands have been destroyed by in the latest for \$120,000 for an agricultural to the latest for \$120,000 for all given the latest for \$120,000 for college extension work.

expitains also failed. The two year meaning and the star and the state and the star and the star

The Senate has alopted the Condon bill to make the English language the basic language of all schools in Michi gan. Other languages may be taught, with the the the thing the same provided not more than one fifth the school time is used in teaching them.
