TEST OF IGNITION SYSTEM IS IMPORTANT IN LOCATING GASOLINE ENGINE TROUBLE

Factors Are Coming Into Use on Many Farms Which Emphasizes the Importance of Knowing How to Run a Gasoline Engine.

By Lee Henner Smith, M. D.

Every man should take stock of his physical condition just as frequently as he takes stock of his financial condition, thereby learning his weak spots and taking measures to repair them before it is too late.

In the winter or spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a tonic. One that will do the spring "house-cleaning."

An old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still so effective and so because it contains no alcohol or narcotic. This blood tonic, extracted from wild rose and larkspur, was first put up by Dr. Pierce in ready-to-use form and since then has been widely recommended by Dr. Pierce's Golden Medical Discovery Co. as always efficacious in the winter or spring when the blood is run down and you need a wholesome tonic. This is nature's tonic, which restores the tone of the stomach, weakens the liver and aids the kidneys, strengthening the whole system.

Send for Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for full package of tablets.

Then to keep the liver and bowels regular and to carry away the poison within it is best to take castor oil or a vegetable laxative made up of May apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets.

No Escape. "Good morning, Mrs. Jagsby. We are your delegates."

"Please delegates?"

"Yes, please," Mrs. Jagsby said. "I'm glad you are here."

"What time is it?" Mrs. Jagsby asked.

"It's about 11:30," Mrs. Jagsby answered.

"That's all right," Mrs. Jagsby said. "I'll be home in an hour or so."

"All right," Mrs. Jagsby said. "I'll be home in an hour or so."
