THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Linzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Linzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

VERDICT $4,075

AUTOMOBILE DAMAGE SUIT

Kalamazoo, Mich., April 2, 1919.—In the circuit court today the jury brought in a verdict of $4,075 against J. Allen Snyder to recover for injuries sustained by Frederick Uithoven as a result of an automobile accident in which it is claimed that Frederick Uithoven has suffered injuries of a serious nature. J. Allen Snyder was insured in one of the small insurance companies which gave him protection for $5000 for liability and he will have to pay the amount of $4,075.

As the result of this verdict automobile owners are much interested in the policy of insurance they take. The Big Mutual Automobile Insurance Company of Howell protects the owner of the car against damage claims made against him above $25 up to $5,000. During the five seasons that the company has been operating no member has had to pay in excess of $25 upon a claim, as the policy has been sufficient to take care of large claims.

Automobile salesmen are taking more interest in insurance and are recommending the Citizens Mutual Automobile Insurance Company of Howell as it has a large reserve fund of $85,000 and monthly income sufficient to pay $75,000 of claims per month.

This is the only mutual that has a large reserve fund to meet the serious losses.

Ann Arbor—Dr Willy C. R. Voigt, 37 years old, died in a local hospital of blood-poisoning, which was the result of a prick he received on his finger while performing an autopsy. Dr. Voigt was an instructor in experimental pathology in the homeopathic medical school.

Battle Creek—Battle Creek's street car company is again allowed to return to six-cent fares, but the company is required to sell nine tickets for 50 cents. There also is a flat five-cent fare for workingmen between 6 and 8 o'clock in the morning and 5 and 7 o'clock at night.

Lansing—Important legislation affecting industrial and labor conditions in Michigan was enacted at the legislative session just ended. One of the foremost of the advance steps was the resolution ordering a social and industrial investigation in Michigan with a report and recommendations to the next legislative session.

Detroit—Domenico Grillo, grandfather of Antonio De Luvio, 10 months old infant asphyxiated with four other members of the family, April 19, will inherit the baby's estate of $5,000. The law ruled that the vitality of the infant withstood the gas fumes longer than the others who were poisoned, and that the maternal grandfather is entitled to the estate.

Grand Rapids—Federal Judge C. W. Sessions has filed in the eastern district of Michigan a decision dismissing the action of the Michigan Rail way company seeking to absolve it from the provisions in its charter requiring it to observe the 2-cent fare law. The court holds that the Michigan Railway never was under federal control and that it is bound by the provisions of its charter, in which the 2-cent fare law is incorporated.

Bay City—A thrifty salesman escaped in his automobile when the police attempted to apprehend him here. He had sold a number of credulous Bay Cityans quantities of stuff in quart bottles labeled "Old Jordan Bourbon whisky," bottled in bond. He got $8 a quart for it. When purchasers sampled the goods they found that they had purchased sweetened water, colored to the proper hue. Although only one complained to the police at least 10 were victimized, as the visitor got rid of a whole automobile load before his trick was discovered.

Detroit—A national movement to aid reconstruction in Russia and help the Russian people secure liberty was brought to Detroit by Mme. Catherine Breshkovsky, aged pioneer of the Russian revolution. Protection of 4,000,000 war orphans in Russia was the paramount object of the meeting. The audience was chilled to hear of children from 8 to 13 suffering from scurvy so that they commit suicide to escape misery, and of hundreds of thousands of people dying of starvation in Russian cities. Mrs. Breshkovsky spent 31 years of exile in Sibe[illegible]

Port Huron—Mrs. Julia Odette, one of the oldest women in Michigan, has celebrated her 103rd birthday at Avoca, near here. She has one great-great grandchild and 10 great grandchildren. Mrs. Odette has an extremely keen memory, and can recall many events pertaining to the Civil and Mexican wars.

Flint—In response to the government's appeal for the planting of black walnut trees, members of the Child Welfare society of Flint have started a "black walnut trail" between the summer home for children 10 miles southwest of here and Flint. They hope eventually to get enough citizens to furnish trees for planting to mark the entire roadway from Flint to the home with trees.

Detroit—Merchants and manufacturers are protesting vigorously against the action of Director General Walker D. Hines of the United States railroad administration, in cutting off the low lake and rail rates that they have enjoyed for many years. The freight rate differentials granted to the Detroit package freight lines from New York, the New England states, and other eastern points only apply to Detroit and Port Huron. This action of the director general of railroads also cuts off a large amount of business Detroit vessel lines have handled.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test the great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Robert and Germs.

Robert has been in kindergarten just one week. In that week he has learned of many things, the existence of which is new to him. Among them is the subject of germs. He looks for them in water, in milk, and in almost everything he eats.

But the other day he found a new shining object for them. Grandfather had just come down the alley from the square above after a wheelbarrow. Robert eyed him with horror. "You can't go back home that way," he ordered. "Don't you know that alley's just full of germs?"

Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Children Cry For Fletcher's CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy: why you must insist on Fletcher's?

For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
