A REAL SURPRISE

Women who see a modern Electric Washing Machine in action are surprised at the ease with which a large washing can be cleansed to a snowy whiteness.

Would you believe that you could throw soiled clothes into the cylinder and in 20 minutes take them out clean and white? All with no wear or rubbing whatever!

LET US PROVE TO YOU THAT IT CAN BE DONE!

Come in and see a demonstration at our Show Rooms.

The Detroit Edison Co.

It was moved by Commissioner Schlaack and supported by Commissioner Quarton, that the following preamble and resolution be adopted. Whereas Monday, May 12, 1919, at 7:30 o'clock p. m. was heretofore fixed by this commission as the time for the meeting to hear suggestions and hear objections to the construction of an eight inch lateral sanitary sewer beneath the surface of Brown street from a point in the center of said street situated Easterly 122 feet from the center of Pierce street, thence running Easterly in substantially the center of said Brown street a distance of 600 feet and to the sanitary sewer already constructed in Woodward avenue, 5/6 of the entire expense of which shall be paid by special assessment against the lands to be benefited by such improvement and constituting special assessment district No. 11 according to the map and diagram thereof now on file in the office of Village Clerk, and the estimated cost of such improvement which is also on file amounting to $1386.00 pursuant to a resolution of the Commission passed on April 28, 1919, and

Whereas due notice of said meeting has been given in the manner required by law to each person within such assessment district owning property liable for special assessment for such improvement and the Commission has met on the 12th day of May, 1919, at 7:30 o'clock p. m. for the purpose aforesaid, and due hearing has been given to all persons making objections and suggestions to the proposed improvement. Therefore be it

Resolved that an eight inch lateral sanitary sewer shall be constructed beneath the surface of Brown street from a point in the center of said street situated Easterly 122 feet from the center of Pierce street thence running Easterly in substantially the center of said Brown street a distance of 600 ft. and to the sanitary sewer already constructed in Woodward avenue. Be it

Resolved that the lands and parcels of lands fronting and abutting on said Brown street shall constitute a special assessment district to be known as special assessment district for sanitary sewers No. 11 upon which shall be levied and spread a special assessment according to benefits for 5/6 of the entire expense of said improvement amounting to $1155.00 which assessment shall be payable in five equal annual installments the same to bear interest at the rate of 6% per annum from the date of conformation thereof and be it further

Resolved that 1/6 of the entire expense of said improvement amounting to $231.00 shall be borne by the Village of Birmingham, and be paid from the General Fund. Be it further

Resolved that the assessor of said Village is hereby directed in preparance hereof to make a special assessment according to benefits on the taxable lands and premises constituting special assessment district for sanitary sewer No. 11 for the sum of $1386.00 and to report the same to this Commission with all due haste.

Roll Call: Yeas 3; Nays 0. Motion carried.

Speed Machine Most Needed.

To save labor and space in large post offices, a New Jersey man has invented a letter-sorting cabinet in which the letters are dropped into narrow slots and fall down chutes into receptacles.

It was moved by Commissioner Schlaack, supported by Commissioner Quarton, that the following preamble and resolution be adopted. Whereas Monday, May 12, 1919, at 7:30 o'clock p. m. was heretofore fixed by this commission as the time for the meeting to hear suggestions and hear objections to the construction of an eight inch lateral sanitary sewer beneath the surface of Southfield avenue, from a point in said street where the North line of Townsend avenue, if extended, will intersect said Southfield avenue, thence running Southerly in said Southfield avenue a distance of 1,245 feet and to connect with that portion of sewer already constructed in said Pierce street, 5/6 of the entire expense of which shall be paid by special assessment against the lands to be benefited by such improvement and constituting special assessment district for sanitary sewers No. 9 according to the map and diagram thereof now on file in the office of the Village Clerk and the estimated cost of such improvement which is also on file amounting to $4,275.00 pursuant to a resolution of the Commission passed on April 28, 1919, and

Whereas due notice of said meeting has been given in the manner required by law to each person within such assessment district owning property liable for special assessment for such improvement and the Commission has met on the 12th day of May, 1919, at 7:30 o'clock p. m. for the purpose aforesaid, and due hearing has been given to all persons making objections and suggestions to the proposed improvement. Therefore be it

Resolved that an eight inch lateral sanitary sewer shall be constructed beneath the surface of Southfield avenue, from a point in said street where the North line of Townsend avenue, if extended will intersect said Southfield avenue, thence running Southerly in said Southfield avenue a distance of 1,245 feet and to connect with that portion of sewer already constructed in said Pierce street, 5/6 of the entire expense of which shall be paid by special assessment against the lands to be benefited by such improvement and constituting special assessment district for sanitary sewers No. 9 according to the map and diagram thereof now on file in the office of the Village Clerk and the estimated cost of such improvement which is also on file amounting to $4,275.00 pursuant to a resolution of the Commission passed on April 28, 1919, and

Whereas due notice of said meeting has been given in the manner required by law to each person within such assessment district owning property liable for special assessment for such improvement and the Commission has met on the 12th day of May, 1919, at 7:30 o'clock p. m. for the purpose aforesaid, and due hearing has been given to all persons making objections and suggestions to the proposed improvement. Therefore be it

Resolved that an eight inch lateral sanitary sewer shall be constructed beneath the surface of Pierce street from a point in said street where the center line of Maple street, if extended, will intersect said Pierce street Southerly and running thence Southerly in said Pierce street the center thereof a distance of 1,242 feet and to connect with that portion of sewer already constructed in said Pierce street, 5/6 of the entire expense of which shall be paid by special assessment against the lands to be benefited by such improvement and constituting special assessment district for sanitary sewers No. 8 according to the map and diagram thereof now on file in the office of Village Clerk and the estimated cost of such improvement which is also on file amounting to $2387.50 pursuant to a resolution of the Commission passed on April 28, 1919, and

Whereas due notice of said meeting has been given in the manner required by law to each person within such assessment district owning property liable for special assessment for such improvement and the Commission has met on the 12th day of May, 1919, at 7:30 o'clock p. m. for the purpose aforesaid, and due hearing has been given to all persons making objections and suggestions to the proposed improvement thereof, and be it further

Resolved that the assessor of said Village is hereby directed in preparance hereof to make a special assessment according to benefits on the taxable lands and premises constituting special assessment district for sanitary sewer No. 8 for the sum of $2887.50 and to report the same to this Commission with all due haste.

A Golden Feather.

The feathers of the "golden pheasant" are a source of profit, being used in the manufacture of artificial flies for salmon fishing. These birds, natives of China, are the hardiest of the pheasant tribe, and are not at all troublesome to rear in this country.

It was moved by Commissioner Schlaack and supported by Commissioner Quarton, that the following preamble and resolution be adopted. Whereas Monday, May 12, 1919, at 7:30 o'clock p. m. was heretofore fixed by this commission as the time for the meeting to hear suggestions and hear objections to the construction of an eight inch lateral sanitary sewer beneath the surface of Purdy street from a point in said street where the center line of Maple street, if extended, will intersect said Purdy street, thence running Southerly in said Purdy street the center thereof a distance of 800 feet, and to the main trunk sewer already constructed in Faith street and then crossing said Purdy street, 5/6 of the entire expense of which shall be paid by special assessment against the lands to be benefited by such improvement and constituting special assessment district for sanitary sewers No. 7 according to the map and diagram thereof now on file in the office of Village Clerk, and the estimated cost of such improvement which is also on file amounting to $4278.33 pursuant to a resolution of the Commission passed on April 28, 1919, and

Whereas due notice of said meeting has been given in the manner required by law to each person within such assessment district owning property liable for special assessment for such improvement and the Commission has met on the 12th day of May, 1919, at 7:30 o'clock p. m. for the purpose aforesaid, and due hearing has been given to all persons making objections and suggestions to the proposed improvement thereof, and be it further

Resolved that an eight inch lateral sanitary sewer shall be constructed beneath the surface of Purdy street from a point in said street where the center line of Maple street, if extended will intersect said Purdy street, thence running Southerly in said Purdy street the center thereof a distance of 800 feet, and to the main trunk sewer already constructed in Faith street and then crossing said Purdy street, 5/6 of the entire expense of which shall be paid by special assessment against the lands to be benefited by such improvement and constituting special assessment district for sanitary sewers No. 7 according to the map and diagram thereof now on file in the office of Village Clerk, and the estimated cost of such improvement which is also on file amounting to $4278.33 pursuant to a resolution of the Commission passed on April 28, 1919, and

The Products of Palestine.

Palestine has now a well-defined boundary over the sea on its west, but it is underpopulated to the tune of 10,000,000 souls. Much of this area is too dry and rocky for tillage; large parts are too rocky even for cattle or sheep.
