# Our Missing Word

Find the Missing Word and Win the Prize

**CONDITIONS OF CONTEST** In one or more advertisements on this page a word has been intentionally left out. Read all the advertisements carefully and see if you can supply all the missing words. Write your answer plainly on a sheet of paper and sign your name and address to same, then put in a plain envelope and bring or send it to the Eccentric office. Only persons 15 years of age or over may enter their names in this contest. In writing your answer specify the advertisements and the line in the same in which the words are missing, giving the correct words. This page will run once a week for 10 weeks in this paper and a prize of ONE DOLLAR will be given for the nearest correct answer in each week's contest. All answers must be in Eccentric office by Tuesday of the following week. No answer received by telephone. Notice will be published in the following issue, stating that words were left out of the advertisements and who is entitled to the prize.

## A Little Bone Displaced

In the spinal column or back bone means endless suffering and years of disease if not corrected.  
If it were possible to show you the importance of this fact, if you could know the wonderful recoveries from hopeless invalidism through adjusting of the spinal bones or vertebrae, it would be wholly unnecessary to longer call your attention to this wonderful system, called Chiropractic. Incontrovertible facts, based upon actual work performed in nearly all diseased conditions, make this method the most exact ever discovered. "The displaced vertebrae block acids between the diseased condition of your body, and perfect health."
