 Each Church Member
 and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.
 But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You
 Every officer of the Government with a war message to deliver appealed to the ministers first of all.
 But 80% of the ministers receive less income than government economic figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers and receive it.
 But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.
 8 out of every 10 ministers receive less than \$20 a week about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic
 And of these, partially filled, salaries, how much do you contribute? Nothing if you are outside the church; an average of less than a day if you are a church member.

All of us share in the support of Christian ministers to the community. They may not bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense
 Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.
