## REGISTER! REGISTER!

Examination of village poll list discloses the fact that a large number of our citizens, both male and female, are not enrolled and will be deprived of the privilege of voting at the Special Election to be held on September 13, unless they present themselves promptly at the Clerk's Office for the purpose of registration on or before Sept. 4.

Our citizens owe it to themselves, as well as to the village at large, to turn out 100 per cent at this and at all other elections, to the end that there may be a free expression of the wishes of the majority of the electorate, as well as showing proper interest in village affairs.

Each citizen is respectfully requested to give this matter serious and prompt consideration and make positive by inquiring of the village clerk, whether or not his or her name is properly enrolled and then—  
**DON'T FAIL TO VOTE.**

## What the Telephone means to You

Consider, for a moment, your home—or your business—without the telephone.

Think of the extra steps you would take otherwise in your daily work to keep in contact with different departments and people.

The amount of business you can do is definitely dependent upon this service which maintains your connection with the business world.

And if your business accomplishments are so affected by your telephone service, so, too, is your every-day home life.

Throughout the long day, your home and your friends are as intimately and surely near you as if you were with them in person.

The theatre—the garage—every comfort and necessity of life are literally at your elbow—at your beck and call.

And again, when danger threatens—when minutes are vital—when the doctor must be secured quickly—when fire or destruction are upon you, the telephone is the first and surest messenger of relief.

The Michigan State Telephone Company realizes fully the vital importance of the telephone to the community—the responsibility that is ours in maintaining this service to the people of Michigan at its highest efficiency.

It is striving in every possible way to fulfill this trust.

Your friendly and complete co-operation will do much to assist us in this work.
