BACK YOUR TOWN.

There is no great and alluring call to the office of Village President in any of the smaller consideration of the president in any of the smaller consideration of the president of the position.

A few years ago Detroit was not the fourth city of the United States—and, by the same token, Birmingham was merely a peaceful, plodding village where one might come to avoid the noise and hustle of a large community. Detroit has since risen to a great place in the country's metropolitan cities and—in the noise and hustle of a large community. extent. However, we who live in Birmingham, are bound to reel that speciety is inter-depend, enter the speciety is inter-depend, enter we know that we rely upon our fellow-man for a part of our comfort and conveniences. This applies, of course, to the administration of our village affairs. A mere glance at the last elected in the species of the spec

tion. The records show that Birmingham has approximately eight or nine hundred qualified voters. It is up to every man and woman to visit the polls on September 14, 1920, to ballot for his or her choice of candidate for the office of Village President and Village Clerk.

Think it over.

What's done as much as anything else to fill up the movie houses

OOK at the crowds that ■ step out of their cars in front of the movies every summer evening.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

It is typical of Americans that they took to the automobile as a matter of course - just as, they have to the movies and to every other great invention of the last half century.

And the same thing has happened everytime. Taking things as they come is a fine way to foster waste and extravagance.

As regards tires, the comeback is about due. People are pretty near through paying for something that isn't there when they look for it.

III

What a man pays for in a tire is quality-not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

U.S. Tires are guaranteed as to quality-with no limitation of mileage.

And that holds just as good for the small car tire as for the biggest U.S. Tire we've got. There's only one standard of quality with U.S.—and the size of the car has nothing whatever to do with it.

IV

We represent U.S. Tires in this town. You'll find it worth while to talk to us be. fore you buy any more tires.
