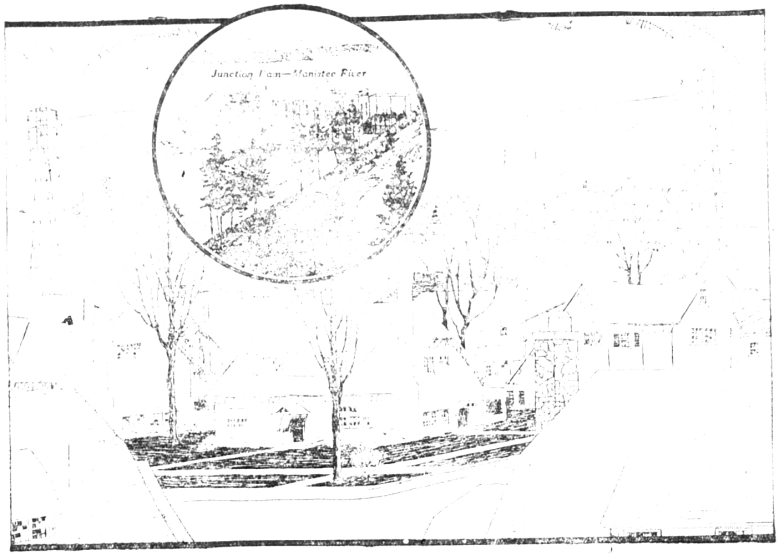
170,000 Homes Use Consumers Power Company's Electricity and Gas



Consumers Power Company owes its stability largely to the fact that it is literally interwoven into the very life-fabric of the people of Southern Michigan. This fact also accounts for the ease with which its Preferred Stock is sold.

Preferred Stock Pays 7.37% Interest

Nature's own powerful water courses offer security for Consumers Power Company Stock. The Company controls large water power resources in Southern Michigan. Its undeveloped facilities include 60,000 acres of land with 28 dam sites along the Au Sable, Manistee, Grand, Muskegon and Kalamazoo Rivers—streams well known to you. The money you invest will help create new electric power from these rivers.

Company in Prime Condition

Its transmission system is approximately 1257 miles in length. It operates 526 miles of high voltage line—probably twice as long as the next longest high voltage line in the world!

Practically all of this equipment is new—over 60% having been installed since 1912. Operation is efficient and the properties are maintained in first class condition.

Southern Michigan Crying for New Development

Consumers Power Company serves 89 municipalities. It supplies power for practically all the electric urban and interurban railways in Southern Michigan. It supplies power to 2000 factories which manufacture necessities of life. It supplies gas and electricity to 170,000 homes.

Demand for the Company's service has doubled in the last 5 years. Thousands of new customers are ready and waiting for new service which the Company cannot render without additional development. Money raised by sale of its Preferred Stock will be applied to development of part of its 200,000 available horse power.

Dividends Are Paid Quarterly

Four dividend checks a year, one every three months, will reach you promptly through the mail. Whether your salary stops or continues, the dividend checks keep coming. Remember, also, that these dividends are on *Preferred* Stock, which adds to the security of your investment, for Preferred dividends must be paid before any dividends may be paid on the common stock.
