Ford THE UNIVERSAL CAR

The Ford Sedan, with clerical self-stearing and lightning steering and automatic steering with 32 inch tires front and rear for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every season of the year. Large, roomy seat, finely upholstered, plate glass window and it is an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dirt-proof and rain-proof. It is not only comfortable, but really cozy, and allows all economical in operation and maintenance, and has all the Ford merits of strength and durability.
