BIRMINGHAM WINS SECOND DEBATE

"Resolved that the adjustment of all the disputes between employer and employee should be made a part of the administration of justice," with Birmingham upholding the affirmative side, was debated at the Baldwin High School last Wednesday evening when the home team met that of Dryden.

This was the second of the inter-school debates, which Birmingham has had a part in this season, the first being with Pontiac, when the local team was victorious. More credit is due the home team over the result of this victory than over that of the first, as it was considered a closer contest, and was decided two to one while the first was unanimous.

The judges for this contest were Supt. W. E. Harris, of Ferndale; S. M. Dudley, principal of the Pontiac High School; and Rev. Davis Wells, of Detroit. The contestants for Birmingham were Elsie Doying, Forbes Hascall and Arthur Hartwell. Those for Dryden were Thelma Brown, Harold Harris and Clare Krause.

January 21 Birmingham will uphold the negative side of the question.

PERSONAL

F. Graham Ewer is home from Castle Hight Military Academy at Lebanon, Tennessee, for the Christmas vacation.

Miss Helen Roberts, of Detroit, will be the week-end guest of Dr. and Mrs. N. T. Shaw and Mr. and Mrs. Loren Stauch, of South Woodward avenue.

Every one is invited to attend the Golden Club dance, Saturday evening at the home of Mrs. S. H. Wightman. $1.00 per couple. adv.

PUPILS INSPECT DAIRYING PLANT

Members of Miss Loomis' eighth and ninth grade Domestic Science classes gained some practical experience in connection with their present school work, last Friday afternoon when they were invited to the Birmingham Dairy to inspect the process used in pasteurizing milk. G. E. Pallin, the present owner, explained each step with minuteness to the students, and made the Babcock test to determine the amount of butter fat in the milk of various contributors. They were shown the process of caring for the milk from the time it arrived in the dairy to the time it was bottled. The large vat in which the milk is heated to 145 degrees, by means of revolving coils filled with boiling water, was found especially interesting. Also the cooling process and lastly the bottling system. During the two hours the girls were reviewing the demonstration they were invited to drink all of the cool, fresh milk desired and they pronounced later that the afternoon has been profitably and pleasantly spent. There were about 20 present.

POPULAR BIRMINGHAM GIRL WEDS LAST WEEK

When Miss Elizabeth Floyd of Birmingham, daughter of Mr. and Mrs. Charles Wilcox, became the bride of Laird Benjamin Spencer of Rochester, son of Mr. and Mrs. B. L. Spencer, Thursday afternoon at four o'clock in the First Presbyterian church. The guests, numbering about 300, witnessed one of the prettiest weddings of the year.

Against a back ground of white lilies, evergreen and smilax Miss Floyd made a most charming bride in her gown of sattine satin crepe, and her bouquet of white lilies. Miss Floyd's only attendant being the maid of honor, Miss Bernice Spencer who was beautifully attired in dark brown panne velvet trimmed in burned orange and carried Ophelia roses. Mr. Wayne McCafferty, of Highland Park, assisted Mr. Spencer as best man.

LOCAL HIGH SCHOOL PAPER

The 1921 Baldwinian, the local high school paper has been reduced from $2.00 to $1.75, and if enough copies are sold it will be further reduced to $1.50. At present it is impossible to state what number of copies must be sold to secure the further reduction in price, but the probability is, that it will be about three hundred and fifty.

This year there is going to be a special Alumni section with the names and present addresses of all graduates of the Birmingham High school, together with numerous other departments including "grinds", grade departments, editorial and comment, club and many others. Officers of the class say that the design of the entire book is to be different from any previous year, and that the editors of this number promise a magazine which may be compared to any high school paper in the state.

BURNED ON HUNTING TRIP

Tunis W. Miner, of Oakland avenue, has been suffering from burns received the early part of last week when he was on a hunting trip as a member of the hunting pity of Elmer Huston. Mr. Miner was attending to duties about the camp one morning and among them was that of keeping up the fire.

He claims that it would not burn and that in applying kerosene oil his clothing caught fire, and that it was only thru the quick presence of mind of his companions that he was saved from serious burns. Leaves were thrown on the flames and they were under control in a short time. However, Mr. Miner's right hand was badly burned.

Mrs. W. B. Easterday, of South Woodward avenue, has returned to her home after a visit of several days with Mrs. L. D. Worden, of Detroit, and over last week-end entertained Miss Mytrie Clay, of Jackson, at her home.

OBITUARY.

Mrs. Augusta Morton.

Mrs. Augusta J. Morton, of Leavenworth, Kas., died at the home of her daughter, Mrs. Howard Hurlbert, of Pierce street, a week ago Wednesday. Death was caused from heart disease.

Mrs. Morton had been visiting her daughter for over a month when she was taken seriously ill, but has been in poor health for several years. She had reached the age of 68 years.

Saturday morning the body was sent to her old home in Kansas, where burial took place.

TO UNITE IN CHRISTMAS CHARITY WORK

Thursday evening in the Auditorium of the Baldwin High School every one in Birmingham and surrounding country is invited to attend the entertainment which will be given for the benefit of the poor in this community. James Wooster is chairman of the work, and he promises an entertainment which no one can afford to miss, if only for their own enjoyment, and especially urges a large attendance that the great number of needy families here might be cared for and made happy Christmas.

This work has been done on a small scale in previous years but this year it is planned so that there will not be a family that will be overlooked, no matter what it is they are in need of. Those conscious of families or individuals who are in need in any way are asked to communicate with this office. Also information can be given to any of the following women: Mrs. Mumford, Mrs. Wendell, Mrs. Hartwell, Mrs. Walker, Miss Saterlee, Mrs. Stauch and Miss Walker.

Santa Claus is of the opinion that electrical gifts are real sensible offerings. Whether it is a reading lamp for father or a vacuum cleaner for mother it is a sensible expression of affection. And of course you won't forget the lights for the tree and that you can have a battery and a complete set of lights that will illuminate the festivities if your house isn't wired.
