BIRMINGHAM, MICH.

The Ford car can well be called the "peoples car," because there are more than 3,000,000 of them in daily operation. That is about four to one to the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. It is everybody's necessity because it doubles the value of time, and is the quick, convenient, comfortable, and economical method of transportation. We solicit your order. We have the full line, Touring Car, Runabout, Coupe, Sedan, Truck. We assure you the best possible in repair work with the genuine Ford Parts.
