Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

PH

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it more than anyone else. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires-U.S. Tires. All sizes made to a single standard of quality-none graded down to the price of the car they will go on.

U. S. perfected the first ctraight side automobile tire -the first pasumatic truck lire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

IV When we recommend and sell U.S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.
