HANNA'S GREEN SEAL PAINT
Comparative size of space covered by a gallon of Hanna's Green Seal Paint.
Comparative size of space covered by a gallon of "cheap" paint.
Covering Capacity—the test of Paint Prices
"How much surface will it cover?"
THAT'S the point that really decides whether a paint is cheap or expensive. Judge Hanna's Green Seal by this—and every other quality standard—and it will prove this is the paint really cheapest.
HANNA'S GREEN SEAL PAINT
gives maximum "yardage" to every gallon. It has covering capacity greater by many yards than so-called "cheap" paints. Also it WEARS longer and looks better.
Formula on every package.
SOLD BY
The Birmingham Hardware, L. J. Shusser, Prop.

There's a Special Ingersoll for Each of These Folks
DID YOU EVER "get fitted" to a watch? We mean, did you ever figure out exactly your watch needs and then see if you were properly equipped?
There are a dozen or more different Ingersolls—varying in price, varying in purpose—small watches, jeweled watches, radium dial watches for night use, and so on. For instance, if you have an expensive watch, you probably would choose a Radolite for \$3.50. If you haven't a good serviceable watch, you'd be likely to buy a 7-jewel Reliance. The dealer will help you to select just the one for you.

Savingly priced are these attractive new Georgette Blouses at \$6.75
Cool and comfortable, as well as stylish and serviceable is the Georgette Blouse for Summer-time wear. The lightness and softness of the fabric, leading itself so well to attractive styling, quite naturally makes Georgette a favored material for blouses for the warmer months.

To Keep American Ships on the Seas
For the first time since the Civil War we have a real merchant marine. It cost us \$300,000,000.
The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.
As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the upbuilding of our merchant marine.
By giving the notice of termination for which the several treaties provide.
This action is directed in the constructive Shipping Bill now before Congress.
Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage a merchant marine."
This policy deserves the support of every American.
Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.
Send for a copy of "For an American Merchant Marine."
