Dr. E. Esson describes in *Annals de Faculté de Médecine (Lyon, France)* certain psyllid beetles, the blood of which has from time immemorial been used by the natives for curing warts. Under these growths the white, as it is called by an acid.

Sure Relief  
There was an individual and inferior ship company which had been for some time in the habit of sending its ships to Alaska to load lumber and other products of the interior and to deliver supplies to the various posts. It was not until the year 1914 that a more reliable and profitable company was organized, and since that time the industry has been carried on with success.
