Flock No Longer Put to Sleep By 'Pulpit Voice' of Preacher

You wouldn't think of applying the word 'burr' to a church sermon. Yet that bit of modern slang is the word which most effectively describes the new manner and voice of the pulpits.

Christianity and sleep at the same time. His sermons were apt to be simple and obscure. The modern minister presents his message in a clear, concise, and direct manner.

Telephone Conversations —if unnecessarily prolonged are unfair. When several subscribers are on a party line, each is entitled to equal service. It would be neither fair nor practicable to assign certain periods of the day to each user. Each should have access to the line on equal terms. Exact fairness is possible only through the cooperation of the subscribers themselves. A telephone line should seldom, if ever, be held longer than five minutes on a local call. Prolonged conversation, particularly on party lines, may cause serious delay to others who wish to use the telephone for emergency calls. Michigan State Telephone Co.
