Facts for Sick Women

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I felt such pain and bearing down that I was unable to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor for advice and suits and he said the safest thing would be to have an operation. I met a lady who told me how she had taken operations and was not well until she took Lydia E. Pinkham's Vegetable Compound.

I took relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything I needed to make my health complete the Liver Pills supplied that."—Mrs. A. E. Hennig, 240 Fargo Avenue, Buffalo, N. Y.

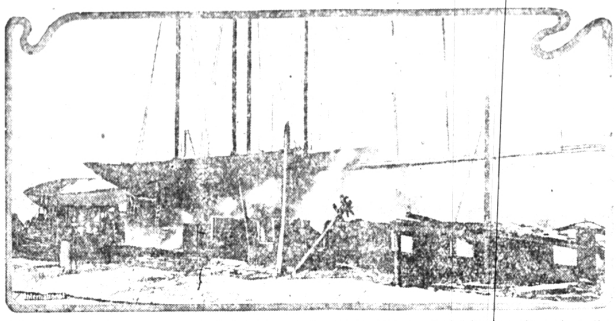
RACING YACHTS SAVED FROM THE FLAMES



The photograph shows the scene at the million-dollar fire which swept the Jacob Ruppert, Sr., estate at City Island, N. Y. The Shamrock IV and the Vanitie, America's cup challenger and defender, were saved after a hard fight. Many other high-priced pleasure yachts, power boats and launches were burned by the flames.

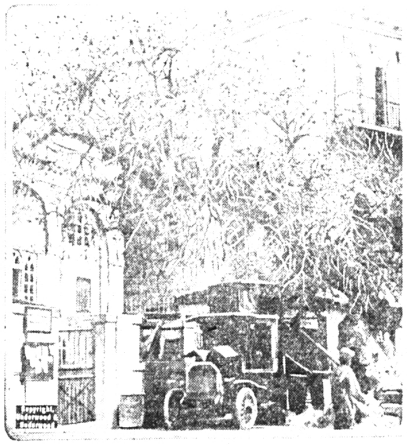
ANCIENT TREE ENTERED IN HALL OF FAME



The tree shown above is so old that no living inhabitant of Jerusalem can even recall having heard of its youth. For many generations there has been a tradition about Jerusalem that the Turkish empire would last as long as this tree stood. When the trunk began to crack an iron band was put around it which the people at once said was "Germany sustaining the sick tree." The tree has been entered in the Hall of Fame of the American Forestry association of Washington.

MUCH DISCUSSED STATUE

Jacob Epstein's much discussed sculpture, "The Risen Christ," which is now on exhibition in London. The figure represents a more than life-size Christ bearing the wrappings of the tomb and with the left hand pointing to the open wound in the palm of the right hand. Mr. Epstein says, "The head is not a racial head, neither Jewish nor European, but something of a universal type. What I aimed at is to picture Christ first of all a man. Every man has his own Christ. No one set has symbol. The statue must be accepted or refused on its merits."

Drum Wears Wound Stripe.

They were gathering in the wounded after one of the battles at Verdun, when they came across a drum that had been shot through the head. It was taken to the hospital and given a new one. In a short time it was back at the front, in active service again.

Now that the war is over the drum has been ordered back to the marine corps camp at Quantico, Va. The regimental decided to present it with wound and service stripes—but a drum has no sleeves to wear them on. So the four service stripes were attached to one side of its head, and one wound stripe was placed on the other side.—Popular Science Monthly.

Caught in His Own Trap.

The magazine writer who propounded a series of questions headed "What do you know?" answered one of them by saying that "she Stoops to Conquer" was written by Sheridan. What do you know about that?—Boston Transcript.

Too Much Court.

"What I would like in the way of a wife is one old enough with a big fortune," "You couldn't get such a wife. So woman with a big fortune has half a chance to be an old maid."
