To the Editor: The statements of Major H. H. Hart at the meeting of the Board of Health on the 10th inst. are the ones that the Commission of the Non-Partisan League is most anxious to see published in the Government, Bolshevism and Socialism and that they do not appear in the "Eccentric" because the League is both in and out of the hands and under the control of the Board of Health.

As a member of the Commission of the Non-Partisan League, I am sorry to see that the Board of Health is not only in the hands of the Bolshevists but also in the hands of the Socialists. It is a pity that the Board of Health is not only in the hands of the Bolshevists but also in the hands of the Socialists. A petition was circulated among the students of the Birmingham High School last Friday to produce the school to inspect the sidewalks and streets of Birmingham. The petition was signed by a sufficient number of students to present it to the Board of Health.

When the petition was presented to the Board of Health, it was referred to the Health Commission. The Health Commission has since then been working on the petition and has issued orders to the Board of Health to clean up the sidewalks and streets.
