In an article published in the current issue of the Medical Record, Dr. Schilling goes into detail to show that in most cases of crime the person involved is not responsible for his acts...

Dr. Schilling's studies declare there has been a discovery of a direct connection between mental irregularities and physical disturbances caused by chemical irregularities in the blood...

"New tests now being tried on constantly" he said in a report from the New York Tribune "it is necessary to conduct exhaustive research before such defective and original type can be identified and the correct treatment established."

New Field Opened. He made it plain that he did not claim a cure for mental deficiency or criminality has been found but his research was open to state courts, all persons and organizations...

Through his research in the leading hospitals for mental irregularities at the Post-Graduate Hospital, the doctor found that high blood pressure was being found in a large number of cases with criminal records...

It is to be noted that the blood should be substituted for poisons and treated for punishment in the cases of these unfortunate who are not responsible for their acts...

In the article Dr. Schilling says in part: "We still hope criminals and the

Chimney Sweeper Must Pay \$1,600 Now

Los Angeles. In addition to a judgment of \$1,500 against him as the result of his job chimney sweeper attacking and injuring Milton Dudley, a child, E. W. Shaw of Pasadena must pay \$100 for taking a revolver into a public street...
