Showing a picture of the Linotype which will, with your help, enable us to get out a bigger and a better newspaper for Birmingham.

"When in the course of human events"—so our fore-fathers began their declaration, many years ago...

We have no doubt but that the old Grand Trunk, in its various and sundry wanderings thru Birmingham...

With our large and growing circulation of readers we have been brought to feel that the Linotype is a positive necessity...

The illustration shown herewith gives but a faint idea of this truly wonderful machine. While the Linotype is called a typesetting machine...

Prior to the advent of the Linotype a number of mechanical contrivances were brot out for setting type by machinery...

The Linotype is controlled and operated by one operator who produces the finished slugs ready for the press...

Printing the Eccentric the "Linotype way" means a bigger, a better and more "newsy" paper each week...

More good news of interest to everyone in the community will be the result of this latest improvement to the Eccentric...

Send in your printing and let us prove that we are now in a position to consider ourselves equipped to meet your every need.

There is probably no more interesting game in the world than that of publishing a metropolitan newspaper...

You have a few rooms you want to rent? We want to sell you the papers and can put it on if you wish.

Merrily hum the motors in the shop of Gray and Gibbons, these days, busy engaged in sharpening the lawn-mowers of local citizens...

FEW SPEEDERS ARRESTED

The recent cold weather is probably accountable for the decrease in the number of speeders that the Village has had.

THE GIDEONS, A BAND OF CHRISTIAN TRAVELING MEN

The Gideons, a band of Christian traveling men, will speak at the Church on Sunday night at 7:30 o'clock.
