**START THE MORNING DRESSED FOR THE AFTERNOON**

You can do this if you have an Electric Vacuum Cleaner.

You will not have to wear an old house dress and swathe your head in a towel as you do when you use a broom.

And you need not rush to change your dress when you see the leader of your social club coming up the street.

When your door-bell rings you can just drop your work and entertain your caller without the slightest embarrassment.

That is the great advantage of household "electrical servants"—woman loses none of her charm and the work is done better and at less expense.

We supply "electrical servants"—ask us for information.
