Maytag

If you are thinking of buying an ELECTRIC WASHING MACHINE, let me demonstrate in your own home the famous MAY TAG and you will wonder why you have been without one as long as you have.

These Washing Machines are being advertised in the Saturday Evening Post and also the Detroit Sunday News—and no doubt you have seen the ads but did not know that they were handled right here in your own home-town.

Come in and look them over, and better still, let me deliver one to your home, try it and if satisfactory, pay a small amount down and the balance on easy monthly payments.

Put a Nokol Burner in that Coal Furnace of Yours and End Its Dirt Forever

Tending a coal furnace is the dirtiest, nastiest job in the house; you find it out every morning; every night; your wife knows it all day.

Now you can end all this dirt and drudgery with a Nokol. It burns all its own modern furnace—steam, hot water or hot air.

It's merely necessary to remove the coal grates of your present plant and insert the burner through the ash door.

Then you'll have a real furnace; one that leaves no dirt; regulates itself; gives you uniform heat you never get from coal.

Nokol's entire action is governed by a thermostat; a white-hot flame is kindled only when heat is wanted; extinguished when it isn't; all automatically. That's fuel economy any time; marked in mild weather when all-day fires are wasteful.

Hundreds of people have used Nokol for two years—they're satisfied; you will be. Write for full information.
