HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not die in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

Winter Fruits That Feed.

Dried figs contain more than three times the nutriment of fresh figs. Figs are justly entitled to a place among the food fruits. In the dry state or stewed they are an excellent food for children in cold weather. About five ounces of figs and a pint of milk make a sustaining meal for an adult. Weight for weight, dates are more nourishing than bread. In desert tracts this fruit is often almost the only source of nourishment for men and women, camels, horses and other animals.

CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practise is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your sickly child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

A Feeling of Security

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. You can get all drug stores in bottles of two sizes.

However, if you would first like to try this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.
