The Birmingham Hardware

Detroit water users consume 40 tons of mud every 24 hours when the weather is good, but when storms or gales or anything starts up Lake St. Clair they shut their eyes and calmly inhale 75 tons of liquid dirt, per day. We have a better quality, even if there isn't so much of it.
Mr. Chas. Newman is all at his home on Brown street.

"Fish, tush, fiddle-faddle, nothing to it" is what Mr. and Mrs. Charles D. Miller of Glendale, Calif. said in regard to the recent earthquake at Los Angeles, upon their arrival in town last week. They seem to be very well pleased with a prospective stay in good old Michigan for a few weeks.

From all accounts in the Pontiac Press, those staid and steady business men punning at Tommy's Lake must have some of that good red hiker so freely gathered in by the Sheriff's office. If such things continue, Tommy will have to take his lake and go to some country where prohibition really prohibits.

Mr. and W. W. McAlpine had as guests last week, Mr. John Spiker and children, Marjell and Jackie, and Mrs. Luzader, all of Cincinnati, O.

To Detroit Edison Customers

Concerning Increased Rates for Electric Supply.

COMMERCIAL LIGHTING RATE

Bills due in September covering current consumption for the latter part of July and the first part of August will be reckoned at the new rate, which is an advance over the former rate, of One Cent per kilowatt-hour on the second and third step of the commercial lighting rate. That is, kilowatt-hours formerly charged at four cents per kilowatt-hour will be charged at five cents per kilowatt-hour, and kilowatt-hours formerly charged at two cents per kilowatt-hour will be charged at three cents per kilowatt-hour.

NOTE: The base rate of ten cents per kilowatt-hour remains unchanged.

OPEN ORDER POWER

Power formerly charged for at four cents per kilowatt-hour will be charged at five cents per kilowatt-hour.

RESIDENCE LIGHTING RATE

There has been no change in the price per kilowatt-hour in either step of the Residence Lighting Rate, but the number of kilowatt-hours billed at the fourteen cent rate has been increased by one-half. Example: An account formerly billed on a monthly base of six kilowatt-hours will have, under the new rate, a monthly base of nine kilowatt-hours.

DISCOUNTS

On ALL bills paid on or before the due date a discount of 10 per cent is allowed on lighting bills and 5 per cent on power bills.

Any questions concerning the application of new rate to your account will be answered by mail, telephone or by the Inquiry Division at our Royal Oak or Birmingham Offices.
