Those "good old days" are not always good and not always profitable. These are good new days, every new day is good if we make it a truly profitable day.

### WEDDINGS

#### Huffman-Topp

The marriage of Miss Eunice Huffman of Clawson, Mich., and Ernie Topp of Detroit, took place at the home of the bride, last Tuesday evening, with Rev. Peter Mackay of the First Baptist church, officiating.

The bride was in the most charming one. The bride was gowned in white, satin and had a silk net veil that extended to the hem of her dress. She carried pink roses combined with a dainty green spray. The attendants were the sister-in-law and brother of the bride. The rooms of the Huffman home assisted in giving the desired atmosphere for the occasion. They were attractively decorated in pink and white with a touch of delicate green here and there, which carried out the color scheme of the evening.

The guests, numbering nearly one hundred, were seated at a delicious fried chicken supper following the ceremony and the young couple later left on their wedding trip. At home cards announced that Mr. and Mrs. Topp would be at home to their many friends on Rochester Road, Clawson, Mich., after the first of September.

#### Brock-McLaughlin

Rev. Peter Mackay, pastor of the First Baptist church of the village, united Miss Beulah Fay Brock and John B. McLaughlin in marriage at the parsonage last Friday evening at 8 o'clock. The bride is a resident of Lake Mills, Iowa, and the groom resides in Detroit.

### BAD WEATHER CUTS DOWN ATTENDANCE AT GIRLS' CAMP

Outdoor Season At Boyville, On Elizabeth Lake, Comes To An End This Week

The opening of the girls' section of the Y. M. C. A. Boyville Camp, at Elizabeth Lake, which was scheduled for Wednesday morning, was rather disappointing in point of attendance. Due somewhat to the unfavorable weather conditions, this work is under the direction of Miss Eva Garrett, house parent of the Oakland County girls' chapter. Mrs. George Hendrix and Mrs. C. B. Cook, wife of the Oakland County farm agent, have prepared an elaborate educational and musical program for the coming week, at the end of which the camp will close for the year.

### HASTINGS SOLON VISITS OUR VILLAGE COMMISSION

'Dad' Clizbe Points Out The Weak and Good Points of Our Present Charter

The early part of the week Mr. and Mrs. C. C. Hastings, residents of Hastings, Mich., were in Birmingham visiting Homer Gaskill and his family. Mr. Gaskill is chairman of the village commission in his home town and while here, spent an evening with the city fathers. At that time the evening Mr. Gaskill asked for information concerning our village management, which will be his fellow workers.

He explained that Hastings is rapidly outgrowing its present charter that has been in existence for the past eleven years. He stated that there has been much difference of opinion in connection with the revision as the people seem to be unfamiliar with the various forms of village management used throughout the state.

During the evening he asked the advice of our commission members as to which was the better form, in their opinion, the commission or the alderman. President Clizbe answered by pointing out the strongest places in our management but suggested that in arranging for a commission, it is necessary to give in the place of three, would be a far better plan. He explained further by saying that the work of this village required the attention of at least two more.

Mr. Gaskill seemed pleased with the answers he received to the list of questions he had prepared during the earlier part of the evening, when other speakers had the floor, and closed his talk and discussion by thanking the Commission for their kind attention.

### EVERY BIRMINGHAM MAN SHOULD BOOST CHAUNTAQUA

Volunteer Firemen Are To Benefit From Any Surplus and Must Make Up Any Loss

The Belpash Chauntaqua which begins here on the 29th and continues the day, will be made up of one of the best lectures and musical talent to be seen in the Chauntaqua circuit of this country. The public should appreciate it liberally, as a share of the profits goes to the benefit of the Birmingham fire department, which is responsible for its share of any loss that might occur from poor attendance.

Mr. Charles Zueblin, who will be on the program one day, Mr. Zueblin's lecture will be "Wiser Than Solomon." As a speaker, Zueblin's philosophy of life is uncompromisingly democratic. He is, however, never negative or destructive, but potentially big in a constructive way. He speaks with magnetic energy and rapid precision that is refreshingly vigorous and stirring, and the people of Birmingham will turn out in good numbers to hear him and the other stars of the season.

### WE HEARD IT SAID BY—

Captain Carl Squire: "We have been somewhat surprised with the splendid success of business since coming to Birmingham. What is most interesting is the fact that all most twice as many women as men have gone up and according to the applications in for future flights, business will continue the same. I can only lay this to one thing—that women are more apt to tell about their trip to the next person and thereby let people know the pleasure that awaits them. Men take the ride and let it go at that."

A Whitehead: "Since we moved into our new bank home, the folks in the various cages have been constantly stopping the alarm bell just under their desks and people have not been answering the call long enough. From now on, considering the fact that we are all fairly well acquainted with the place and appliances, any one who hears the alarm on the outside of the building is supposed to answer the call for help. We are making every endeavor to use it properly."

Sally Brennan: "For the information of anyone who contemplates going up in any of the machines making flights around Birmingham, may I say that the ten dollars that I spent this week for a flight, I feel was very well spent. I hesitated, as was natural, in putting that amount into the thing, but do not regret one cent that I spent on it, as I received that much pleasure and experience from the trip. As for getting sea-sick, there is no such thing in a plane, as so many people think and which fact keeps them from making the flight."

Miss Grace Dane, connected with the new Hotel Rogers: "In answering your question, 'How is business,' all I can say is that I do not see where all the people come from who eat here every day. Why are there so many girls here without homes that eat here? It is not a factory town into which outsiders come every day and I can't figure out where they all come from. We also are feeding a number of tourists each day who find this a convenient stop between Detroit and Pontiac."

Arthur Hartwell, at Camp Grant, Rockford, Ill.: "Oh, boy! was never so proud in all my life as last week when I stood close to General Pershing, when he visited our camp. I do think of having him stop and fix up our camp, and talk to me. I don't think that anything else will ever make me feel like that did."

Mrs. Fred Fisher: "When I was the guest of the Birmingham Golf Club last week, I had the opportunity of seeing the wonderful natural advantages of the course. In my estimation it will be one of the finest courses in this part of Michigan within a year, after it has been well worked up."
