Every Time I Sit Down to a Juicy Steak Now I Give Thanks to Taniah, He Declares.

"Every time I sit down to a juicy steak now I give thanks to Taniah for making me off that milk and mush diet I had to live on for a year," said Joseph H. Towns, the well-known and popular proprietor of the "Squatty Market," of Marshall, Mich.

"I had stomach trouble of the worst sort and was going down hill on my business. I was so nervous and worried I dreaded to see night come, as it meant little for me and then in the morning I would be gagged. I dreaded to go to my market. "The money I spent for food was the best investment I ever made. I never dreamed a medicine could do the work it did for me. These bottles were all I needed to make me as good as a dollar. I never felt better or more like working in my life than I did now after my stomach was all right. I am happy and content. I sleep all night without turning over and get up in the morning as happy as a bird."

"Not only has Taniah made me feel fine, but I have also gained twenty-five pounds in weight. If anybody wants to know more about what I think of Taniah let them come to me and I will be glad to tell them. It certainly hasn't equalled."

"Taniah is sold by leading druggists everywhere.—Advertisement."

**Abundant Occupation.**  
"Speaking of unemployment," said Farmer Corossel "I have my doubts about whether there is near as much of it as has been represented."

"I speak," commented his wife, with a shade of sarcasm, "you know more about it than the people who get up the statistics."

"Statistics are all what I mean," replied his opinion on. "Nearly every family in the country now has an automobile, and anybody that ever tried to keep a driver in running order knows as you do me that idle moments is mighty scarce."

**Playgrounds for Berkeley.**  
Berkeley, Cal., is now acquiring, through the board of education, the playgrounds needed in practically every school district of the city. As the result of the \$2,300,000 bond issue voted in 1919, the city has acquired for \$300,000 the high school recreation building and site in the center of the city as recommended by the city planning commission. The playground commission will operate all school playgrounds.

**Suitable.**  
Hardley—Did you go away last year?  
Hardley—Oh, no! I spent my first night at home. I took a book out into the garden, and lay and read under a tree.

"But what a dull way of spending a holiday."  
"Oh," thought I a novel holiday in London Anvers.
