WHAT OAKLAND BOY SCOUTS ARE NOW DOING

By Ellis Emmons Reid, Deputy Commissioner
Pontiac youths who are so fortunate as to wear the Boy Scout pin in their buttonhole are doing a lot of good time of their young lives at Camp Pontiac, the Boy Scout camp on Woods Lake and are getting a closer touch with Mother Nature than they have ever before at the same time.

Five new patrol barrack buildings which will each house eight boys have been completed and have been placed on one of the company streets. In addition to the buildings there are five tents, each housing eight boys, and a number of officers' quarters which are now in use. A cooler house, a new under construction and an observation tower, museum and huge flag staff will be erected just as soon as the weather permits. The dining hall which was completed last summer will accommodate about 300 boys at a time.

The camp program, which has been laid out by F. L. Giddins, deputy camp director, is complete in every respect and includes swimming, boating, fishing, sailing, athletics, nature study classes, first aid classes and cooking classes. The boys are manifesting a great deal of enthusiasm over the camp activities.

A cordial invitation to residents of Oakland county to inspect the camp has been extended by C. E. Ruhlmeier, scout executive. Folks who desire to come to the camp are urged to communicate with Pontiac headquarters several days in advance of their coming.

For several weeks Dr. Mrs. Charles Wilson of Detroit, will be the guests of Mr. and Mrs. C. E. Chamberlain of Bates street. Mr. and Mrs. Chamberlain are the parents of Mrs. Wilson.
