

The Baldwin Beacon

A WEEKLY BULLETIN, EDITED BY THE STUDENTS OF BALDWIN HIGH SCHOOL

ATHLETIC SIDELIGHTS

The sweat jerseys given out by Coach Drake last week are already sadly bedecked with nicknames and insignia.

The boys new basketball suits have arrived but will not be given to the players until the night before the first home game, Dec. 30.

"Silence!" "Check!" Purdy's acceptance speech of the silver loving cup won by the Senior basketball team.

The boys football sweaters will be given out next Friday in assembly. The lucky men are: Wilson, Groves, Smith, McBride, Delone, Elton, Copley, Lowe, Davis, Bray, Patenande, Ed Corryell, W. Lumsden, J. Lumsden, R. Smith, Mann, Campbell, Ross.

Last night, the local H. S. basketball team played Dearborn out on the Dearborn floor. The locals were "stated to win as this is Dearborn's first year on the basketball court."

BALDWIN BRIEFS

At last we are with what the school has long felt the need of—a class in public speaking. Little reading aloud is done in high school, and only a little oral work. Nineteen students have already enrolled.

Mr. Toothacker and his physics class journeyed to Detroit Saturday morning to visit the liquid air plant.

All of the teachers came to school Monday wearing mistletoe. Miss Russell furnished the sprigs which were sent to her by her relatives in Tennessee.

CAMERA CLUB

The Camera Club's bi-weekly meeting occurred Wednesday evening of last week in room 3 for a social gathering. The former part of the evening was devoted to the business meeting and to developing a roll of film. At the conclusion of this, the president, assisted by Russell Berger as "Santa," emptied the waste paper basket of its contents, which upon inspection showed a merchantable tie and suit property.

The purchase of the property offered under the option is to be submitted to the vote of the club members at the next meeting in the Village after this date.

vestigation proved to be numerous gifts. The price limit of ten cents was set for the gifts, the only requirement being that they would be laugh provoking.

"Santa" was good to the boys. Dolls! Dolls! Dolls! But nicest of all were the presents given to Mr. Hart and Mr. Toothacker. Mr. Toothacker's gift was presented with much pomp and elegance of wrapping.

After fully a half hour's work he had reduced the size of the package to almost nothing. He did not despair and finally found a box containing well—something mothers give babies to lull them to sleep when they cry.

Mr. Hart received the same and each gave a pretty little speech upon the necessity of such an article in their respective classes. Refreshments of Christmas nuts and candies finished the program.

It was announced in the meeting that the winners of the snap shot contest were: Irwin Neff, first prize; Irving Green, second prize. Some very good pictures were submitted to be judged.

COMMISSION SUBMITS PLAN

(Continued from Page 1.) Underwriters would be met and two sources of water made available for continuous summer and winter consumption.

The cost of such an installation, including the well, motor-driven centrifugal pump, electric control from present station, relief valve, pipe connections to main and proper pump house is estimated at \$17,100.

This station would be electrically controlled from the present station and ready for immediate use at any time according to requirements.

Aside from the matter of increased water supply, certain extensive improvements should be made to the distribution system, and herewith present a detailed statement of such extensions with the estimated cost of the same.
