Some Paint Figures That Don't Lie.

Why Pontiac Ready Mixed Paints are Both Better and Cheaper

Pontiac Paint contains 20% zinc, which adds to the covering capacity and makes a harder and whiter surface.

The covering capacity is gauged by the fineness of grind, making hand-mixed paints inferior and more wasteful than Pontiac machine-mixed paint.

We present these facts to correct the impression of a few who may think it is cheaper to mix lead and oil themselves.
