The annual Knights of Pythias pool held at Lake Orion a week ago was very successful according to the 150 persons who went from Birmingham. The program included a meet at noon and contests and a ball game in the afternoon. The game between the single and the married men and the single men came out ahead and were treated to a large box of cigars for their work, although we understand that the married men received their share. Following ball the games and supper was served at 7 o'clock previous to departing for the younger people. It has been said that this picnic was the largest and most successful given by the Knights of Pythias.

ROBINSON'S BIG CIRCUS COMING TO DETROIT

John Robinson's ever popular circus—the oldest white top organization on earth—will appear in Detroit on July 4, giving two performances, at 2 and 8 p.m. On Friday evenings accompany the troupe, and their efforts to keep the spectators entertained are alleged to be highly successful. At the top of the list stands Harry LaParo and Art Adair, immitable funsters, whose droll antics never fail to strike a responsive chord in the big audiences. But the clowns are a small and important part of the big troupe of 1,200 people with the show. There are nearly 400 arena stars in the three rings, on the two stages, in the air and in the track, to say nothing of trained animals and a complete children's circus. The John Robinson circus has been forced to utilize its trains to carry its heavy equipment and the thirty sections of its twenty-two blocks long parade this season. The performances, which open with spectacular pageantry, begin at 2 and 8 p.m. The street parade will leave the grounds at 4 p.m. circus day, and it will be arrive at a point of vantage at this hour, for it will be on time.
