

Birmingham's New Dry Goods Store First Nat. Bank Bldg. Birmingham, Mich.

Starts Thursday
MAY 26th

First Month-end Sale

Closes Saturday,
MAY 28th

Ladies' Muslin Gowns

Made of sheer quality muslin with neat embroidery trimming. These garments were ordered 54 inches in length; when delivered they were only 51 inches long. We will sell these \$1.00 values at

69c each

Our Reason

Month-end sales in dry goods stores throughout the United States are a big success both for the merchant and the customer, because, merchants over-buy in certain lines or they haven't a range of sizes in another line or out of certain colors in other lines of goods and are left with odd lots that only a deep cut in price will sell. We are going to keep our stock clean from odds and ends by putting a price on the articles that the buying public can't afford to miss. Cost is forgotten in marking items for these sales—only our standard lines of merchandise are offered.

PERSONALS
The girls who have been employed at the local branch of the Detroit Edison Company during the winter have been meeting once a week at the homes of the various girls as a sewing organization which was "designed to cut the high cost of living."
The girls and this week, the girls have almost completed their summer wardrobe by making their own garments, thereby saving the dressmaker's bill. "In meeting together," the president of the club stated, "we accomplished so much more than we would have had we attempted to sew by ourselves. We met in the evening and at each home the hostess planned a light lunch and we made a social time of the evening. It is surprising to know how much girls can save in this way."
Next Friday noon the members of the ninth grade Domestic Science class of the Baldwin High school, will entertain their mothers at luncheon. This will be the final practice in preparing an entire meal and serving it. It has been customary since the class was introduced in the schools here, to instruct during the term in the making of single dishes and at the close of the term to serve a well planned number of them to a group of visitors, showing what the girls are able to do.
Mr. and Mrs. James Eaton of Brown street, have started their new home, which will be finished some time this summer. It is located on Brown street, between Woodward and Furdy streets.

TRIPOLI ALL STARS ARE DEFEATED IN BIRMINGHAM
The Birmingham baseball team, made up of local young men, is rapidly making a place for itself in the sport annals for 1921.
Last Saturday afternoon Birmingham was visited by the Tripoli All Stars from Detroit, and the lines of eager rooters saw one of the best games so far this season. The visiting team seemed to be at the help of eager rooters of the local boys during the entire game as the score 17-11 indicated. However, some exceeding good plays were made and the enthusiasm of the by-standers helped the general spirit of the day, making it one that will stand out in the memories of ardent baseball fans who witnessed it. Baynes and Schlaack pitched for the home team.
Another high score has been added to the honors of the local team since last Sunday afternoon when they motored to Southfield where they defeated the strong team of this village by a score of 9-4. The game was a good one and showed to wonderful advantage, the splendid work done by the Birmingham boys. Smith and Schlaack pitched for the home team while Light acted as pitcher for Southfield.
Sunday marked the fifth game this year for the team and out of that number four have been their victories, while the fifth resulted in a tie. Two men have been added to the already strong lineup. They are Clement and Schlaack. The next game has been scheduled for Saturday when the home team will meet Royal Oak on the Barnum Field, here.
