### Look better and last longer

Save Painting and Repairs

It is difficult to improve on "old-fashioned quality" shingles for beauty and real protection on roof and side walls—so if you're after artistic effect on the one hand and true building economy on the other, then your choice is

## "CREO-DIPT" STAINED SHINGLES

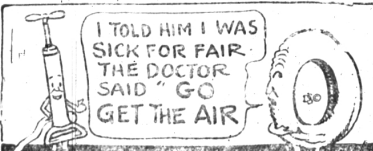

Selected seasoned cedar shingles of exceptional quality, preserved and stained with creosote and finest earth pigments (no aniline dyes), ground twice in pure linseed oil. Proof against dry rot, worms, decay and weather. Do not curl up or pull out!

Last twice as long as brush-coated shingles or natural wood, and cost less. Save time, labor and waste of staining on the job. The exclusive process insures even colors that will not fade or wash out in streaks.
