MONTAGUE LIGHT OPERA COMPANY

The success and popularity of the Montague Light Opera Company, which will be heard here on the Lyceum course Tuesday evening, Nov. 8, is said to be largely due to two reasons: The other is that the program is unbacked, the numbers being especially arranged or written for the company. The other is that it is not an organization with a "star" and a supporting company, but in this company each of the four members is equally good. Their program features light opera in costume, but, as the city newspaper critics have pointed out each member of the company is capable of giving a strictly vocal program.

Amusements

AUDITORIUM TO FEATURE LECTURE COURSE NUMBER

The well-known Montague Light Opera Company will appear in the screen Auditorium Tuesday evening, Nov. 8, on the Lyceum Course. This company made several tours of the United States and has earned a splendid record for substantial artistic achievement. Light opera, always popular with the masses, is featured in costume by the Montague Singers, in the repertoire of this organization are scenes from "The Serenade," "Robin Hood," and "The Pied Piper," selected numbers from "The Mikado," "The Red Mill" and "Madam Butterfly," all of which are given in costume. Incident solos, duets and quartets from the best song literature give pleasing variety to the program. One or more readings, such as a sketch from "The Blue Bird" by Maeterlinck, give further diversion without departing from the superior quality of the Montague program.

The lecture course numbers given this winter, are under the auspices of the Senior Class of the high school. The members of the class are attending to every detail and so far have been favored with large audiences.

At the Shubert Michigan "Theodora," the greatest screen sensation of the present day, which was hailed as a modern masterpiece upon its presentation in New York a few weeks ago, will be presented at the Shubert-Michigan Theatre, Detroit, beginning Sunday night, Nov. 6th.

This famous classic, founded upon Sardou's famous drama dealing with the life of Theodora, and with the prestige of having been one of the greatest vehicles ever used by Sarah Bernhardt, has been pictured upon a vast scale in Italy, where it was screened by the Edison Cinematograph Italiana under the supervision of the famous Italian screen director, Comendatore Arturo Ambrosio.

"Up in the Clouds" at the Garrick "Up in the Clouds," a musical comedy of youth, beauty, romance, novelty and surprise—the sort of an entertainment that makes the theatre a place worth while, will be seen at the Garrick Theatre, Detroit, the week commencing Sunday night, Nov. 6th, with matinees on Wednesday and Saturday.

MANAGER BROWN WILL ASK TO REMOVE OLD BUILDINGS

Village Manager Brown, in a statement made Monday of this week, declared that he would soon begin a tour of inspection throughout the business section of Birmingham, within the fire limits, with the view of recommending to the Village Commission the necessity of tearing down poorly constructed buildings, now listed as "fire hazards."

Manager Brown also said that he would investigate the condition of the basements of all public buildings, demanding from their respective owners the removal of all inflammable material. He stated that the rapid growth of Birmingham's business district, with the attendant fire risks, made it imperative that some action be immediately taken to "clean up." He will probably make his report to the Commission within the next two weeks.

No better day for its opening could have been selected by the President than that of Armistice Day. And logically enough we are calling this coming Sunday, "Armistice Sunday." In the evening at 7:30, in addition to the patriotic song service, the pastor will speak on the subject, "The Coming Golden Age." On Tuesday evening, Oct. 25, about fifty men of St. James church, with some not definitely associated with any of our churches, met in the church rooms for a dinner and smoker to discuss the plan of launching a men's club to promote fellowship within the church, including men who are sympathetic with such work without perhaps being tied up to any church organization, and to enlist with them strangers coming here who might otherwise be without fraternal association. The project appealed to all present and it was decided to elect permanent officers who will complete the organization and report at a future meeting to be held in November. The following were unanimously elected as officers for the first year: Leigh Lynch, President; James Hinshaw, vice-president; John P. Lamb, secretary and treasurer. The enthusiasm with which this movement starts presages a career of usefulness for the new club, not alone for the parish from which it springs, but for the community as well.
