The sixth lecture will be by Mon-
traville Wood, inventor and scientist.
He will produce many electrical and
scientific surprises. His torpedo with
ears to twerk will be of special inter-
est.

WEDNESDAY Afternoon the Community Welfare Committee held the first meeting of the year at the home of Mrs. John Stribling, South Woodward avenue. A large number of local women were in attendance and a great deal was accomplished during the evening. Several interesting resolutions had been secured for the occasion and old washed pieces of cloth-
