**BANQUET PLANS COMPLETED BY EPWORTH YOUNG PEOPLE**

Last Sunday evening there were 85 members of the Epworth League in attendance at the annual service of the First Methodist Episcopal Church, Third Methodist, to the president of the League, Mrs. J. C. Williams, together with the Epworth Young People. It was a great pleasure to gather that the League has been held together at one time. A great number of the members of the League were present and they started on the week with a new interest.

"Accomplishments" and "Possibilities of the League" were the two main topics of the evening. The young people, besides his task, were given by one of the members of the League, Mrs. J. C. Williams, a letter part of last week from Africa, where he was sent as a delegate to the annual conference of the League. He declared he "wouldn't take \$100 for the three days of Conference" at the Epworth League, and he spoke with enthusiasm and interest. He made him a most pleasing speaker. The Epworth Young People, at the evening of the 30th of the month are progressing splendidly at the Epworth League. They are the outstanding social events of the fall season. The committee in charge of the Epworth Young People, who has prepared a program of music which will follow the address to the Epworth League, the Epworth League of Detroit, who's the principal speaker of the evening. The gathering of the Epworth Young People is a good fellowship which the League feels is one of the biggest attributes of the Epworth League. It is for this purpose. They are arranging a number of events for the Epworth Young People. They are happy, the details of which will be announced later.

**ARTICLES SELECTED BY LIBRARIAN FOR PUBLIC**

Following a plan recently adopted by the local Library Board, Mr. J. C. Williams, Librarian, has selected a number of articles for the public to read. The articles are as follows:

to be found in magazines in the public library that should be read and which probably will not have access to without our help and suggestion.

Miss Hitchcock has selected from 15 to 20 articles each week which she feels will be of more interest to the community than the real help to busy men and women of the community who would not find time to read for themselves.

Practically all of the foremost magazines are to be found in the library and we are sure that for the convenience of the public.

"Some people do not know we have a library and others are not aware of what we have and still others are not willing to use it and other reasons this plan is being worked out and I believe that the reading public will find it of great value."

Miss Hitchcock's statement this week in discussing the new phase of library work was found in the following list of names of articles chosen by Miss Hitchcock this week:

1. *The Divine Poet*, Florence St. John.

2. *A Trend of Architectural Thought*, Sept.

3. *Jesus Christ*, Ernest, Sept.

4. *My Friend John Burroughs*, Sept.
