You Can Have A Good Office Position

which pays you well and offers a good chance for advancement, if you will complete The Business Institute training.

"There is always room at the top," and there is always a place for the thoroughly trained young man or woman in business life.

The Business Institute is by far the largest business school in Michigan, and it is one of the leading schools of the kind in America. It has more well-qualified, capable teachers and a much larger equipment than any other business school in Detroit. It is the only business school in Detroit occupying an entire building. These statements can be readily verified.

The remarkable success of The Business Institute is the result of modern courses of study, thorough instruction, and good positions secured for graduates. The success of The Business Institute is the direct result of the success of Institute graduates.

Write today for interesting, illustrated booklet.

PRESIDENT CLIZBE GIVES VIEWS OF WATER METTING

(Continued from page 1)

the quantity, but they have utterly ruined the quality. Today the Pontiac people would probably vote at least half a million more if they could get back their good drinking water again.

Engineers

One of the four speakers said Friday night that we must follow the Civil Engineers. But they would follow him only if they had a vote. He said that if any one of the four engineers who had not taken time to look over the charts and maps of the subject to be analyzed? Is it safe to trust any of your vital interests to irresponsible persons who are so much more concerned in fees than in final results? Smooth and somewhat logical talk, any kind of constructive talk you cannot pay bills that way.

Nigger Is Wood Pole

Those present had to smile to see the agent of a well digging company from far off Tennessee, peddle his wares. He took up a long time in reading the location and nature of owners of one of two hundred wells his company had dug throughout the world and he also produced telegrams from the city of London, dated Friday apparently written exclusively to buy wells from this agent. He said that one of the four railroads entering that city, the agent said he had sold a pump to Royal Oak and the city manager of that beautiful city was called on by the agent to say that the pump works dandy and that it is as good as it is doing. All this "sort of" made us forget all other well diggers and pump sellers. So when the agent turned out for an approval 40 out of 40 stood up, and we discovered that this well digger had dug himself into this budget for about \$10,000 to cover three wells and equipment.

Help Some

Now, if this "person" could only come out of the woodpile long enough to tell us just how all the towns and cities of Michigan have got along since Chief Pontiac slept behind a white-washed log on the banks of Clinton River, without the presence and aid of this family of well diggers, it would help some.

Thrifty Company

One of the four speakers said that out of the actual credit companies that exist that all the people interested in this well digging and muck money company should well all that they have and get ready to "move away" as a sure, that they collectively could have to be funded with \$1,000,000. This indicated that they must have had some good salesmen and good prices. Having had some peculiar notions in my head since a little boy, it occurred to me that maybe, to get started in this well digging business, possibly they might do this \$100,000 job for about \$10,000 or \$15,000. This probably would not have any money at all for me and it might help the business in the future.

Conclusions

Engineer Van Tyle's report was interesting and in many points confirmed previous similar reports. He approved the present plan and the tank now being constructed. Although test wells might develop some additional quantities of available water near by and outside of the present water basin. There was not a new thing in the report of the time and information he had the report was good.

When the present water unit, including the storage tank has been completed and the pumps and engine put in shape, we shall have better fire protection than in 30 years and we shall have from 100 thousand to 150 thousand gallons per day for sprinkling purposes. There will then be nothing in the way of the Village Commission in a regular and orderly manner seeking to increase the water supply to the limit.

P. S.—Outside of a little politics and some kindred little things, I do not challenge the motive or honesty of any of my fellow citizens. If we work together and try to "boost" instead of "bust" the town, we would all be better off.

W. D. CLIZBE

Mrs. R. Fried, of Harmon street, underwent an operation at Harper Hospital this week. She is reported to be doing well at present.

Mrs. J. A. Wendorph of Roseland Park Cemetery, attended the Grand Temple, Pythian Sisters convention at Flint this week, as the delegate from Birmingham Temple, Chapter 94 of Birmingham.

Mrs. Marion Mudge, of Birmingham was the guest of her sister, Mrs. J. Merz, of Pontiac for several days last week.

Big shipment of Tanlac just received. Chas. J. Shain, local agent. adv 20

CHILD CONSERVATION LEAGUE FORMS BIRMINGHAM CIRCLE

The Child Conservation League of America established a new circle when local members met Saturday, September 3, at 2 p.m. in the Junior High room of the Baldwin High School to adopt the constitution and by-laws and to elect officers. Mrs. Lucy E. Bold of Ohio, a member of the national organization, presided as chairman pro tem.

The officers of this new Birmingham circle are: Mrs. C. L. are: Mrs. E. Virginia Hewitt, president; Mrs. Fred Turnbull, vice-president; Mrs. George C. Gisel, treasurer; and Mrs. George R. Averill, press representative. The circle will hold regular meetings for program and home visits in the Junior High room, on the second and fourth Thursdays of each month, each meeting to begin promptly at 8 P. M. There will also be other meetings of a social nature at various times and places.

The first regular meeting will occur Thursday, Sept. 22, at 8 P. M. in the Junior High room, the program to be announced next week. Guests may attend meetings upon the payment of ten cents, and it is hoped that the programs will be so "peppy" and vital to the interests of Birmingham parents and lovers of children that all will be eager to come.

PERSONALS

Just at present it is feared that Lynn Allen, who for many years has been in Birmingham, will lose his left arm, due to an accident last week when he and some friends were out hunting near Crystal Lake. Mr. Allen in some way fell upon his gun, which was cocked, and it immediately discharged, shattering his left arm quite badly from the wrist up. It is quite likely that amputation may be necessary, but the doctors cannot tell as yet.

Miss Esther Reynolds, of Merrill street is suffering from diphtheria this week. It was reported that she had the disease Sunday morning and the family was immediately given anti-toxin as it is hoped that the disease will not spread. Miss Reynolds is reported to be slowly recovering.

Mrs. H. H. Getty, who for the past three weeks has been visiting her sister, Mrs. Ada Wiley, of Southfield avenue, returned to her home in Millersburg, Mich., this week.

Mr. and Mrs. M. D. Dean and family have come to Birmingham from Detroit where they have made their home for several years and are residing at 1119 First street. Miss Gladys Dean is attending the Baldwin High School as a Senior student.

John Harris, son of Mr. and Mrs. William E. Harris, of Quenton Road, has been spending about ten days with his family. He is a student at Annapolis Military Academy.

Prof. Verne Ross of Covina, California has been a guest of Mr. and Mrs. Charles Shain the past week. Prof. Ross is on his way to New York City to attend the International Chemical convention to be held at Columbia.

The opening meeting of the Association of University Women will be held at the home of Mrs. C. J. Shain on the afternoon of Saturday, Sept. 17, at 2:30 o'clock. Every member and prospective member is urged to be present.

Miss Claire Jarvis, our former librarian, has accepted a position in the catalogue department of the Highland Park Library, a position which she will be of great benefit, in her profession. Miss Esther Hildcock, a recent graduate of the U. of M. and a student in the course in Library Methods who has been employed in the University Library, will fill the vacancy here.

Mr. and Mrs. L. J. Shusser and Mr. and Mrs. Delos Davis spent Labor Day in Detroit.

Mr. and Mrs. A. Shay spent Labor Day with their daughter, Mrs. Al Cook of Townsend street.

Mrs. Dustin of Townsend street has had Mrs. Worthington, of Detroit, as her guest for the past week.
