

WHITE OR BROWN EGGS PREFERRED

People in Different Cities Have Decided Preferences for One or the Other.

NO INDICATION OF QUALITY

Color of Shell is Almost Entirely Dependent on Breed of Fowl That Laid It. No Indication of Quality Has Been Developed.

(Prepared by the United States Department of Agriculture.)

Although the color of an egg shell is no indication of the character of the contents, it is of interest in different countries and in different parts of the country have rather decided preferences for one or the other.

Color Depends on Breed. The white producer considers the likes and dislikes of his prospective customers, even though they may be based on a mistaken notion.

In New York the white egg brings a premium of 7 to 10 cents above the brown egg. In the West, on the other hand, the brown egg is preferred.

RATION NEEDED FOR GROWING BEST PIGS

Sow During Mating Period Should Be Fed Liberally.

Strong, Growthy Youngsters Must Have Supply of Bone and Muscle-Building Materials—Self-Feeder Recommended.

(Prepared by the United States Department of Agriculture.)

Liberal feeding of the sow during her mating period will pay for itself many times over in strong, growing pigs.

One good ration recommended by the Iowa experiment station is as follows: Corn 50 per cent, linseed meal 10 per cent, clover hay 10 per cent, and alfalfa 30 per cent.

Where a Small Quantity of Africa is Fed in Connection With Oak Leaves the Animals Are Not Injured. Food leads them to eat the leaves in excessive amounts.

MILK IS QUITE NOURISHING Usually Plentiful on Average Farm and Chickens Should Receive Full Allowance.

Milk is usually plentiful on the farm, and the chickens should receive the full allowance of it.

FEEDING AT FARROWING TIME Sow Should Receive Nothing But Warm Water for Twenty-four Hours After Pigs Come.

For twenty-four hours after farrowing the sow should receive no food, but plenty of good warm water.

FEEDING SKIMMILK TO PIGS Difficult to Put Exact Valuation on It as Supplemental Feed—One Excellent Rule.

It is difficult to put an exact valuation on skim milk as a supplemental feed.

Transplanting Tomatoes. Transplant tomatoes twice if it can be arranged. This checks the growth and prevents their growing leggy.

Care of Eggplant. Eggplant seed must not be kept too wet when it is germinating.

Make Hens Exercise. Don't feed dry grains alone to your hens unless you want them to become too fat.

Methods of Poultrymen. Some poultrymen lose the majority of their chicks in hatching, others examine the mechanical devices on their incubators every once in a while.

Determines Pigeon Success. The fender's ability to handle pigeons is such a way that they will turn their little into eggs, rather than feed.

Protection for Stock. Protect the stock from cold rains and high winds.

LIVE STOCK FACTS

OAK LEAF POISONING DANGER

Most Fatal Cases Occur in Spring When There is a Scarcity of Green Forage.

(Prepared by the United States Department of Agriculture.)

Only leaves of oak consumed by cattle, produce a sickness which frequently proves fatal.

WOMEN THROWING OFF YOKE

Emancipation of the Sex Has Been Making Rapid Strides Throughout Palestine.

The emancipation of women in Palestine is taking place very rapidly. Women were not very seriously regarded heretofore.

An exhibition of the work of the women of the country was held recently at Haifa and the results were greater than were hoped for.

Cuticura Soothes Itching Scalp. On retiring gently rub spots of dandruff and itching with Cuticura ointment.

MATTER OF GREATER MOMENT Heckler's Query Concerning the Bolsheviks Surely Should Have Had Right of Way.

President Philip T. Dodge of the International Paper company, said at a reception in New York.

The Ways of Women. If a woman expresses admiration for another woman, she is not to be admired.

GOAT MEAT QUITE SUPERIOR Most of Product Reaches Market as Mutton and is Distinguished by Sweetness.

Goat meat is seldom found on the market as such, yet the average number of goats slaughtered each year from 1922 to 1923, was 1,167.

Attentive Listener. "I hope you were a nice girl at the party, Dorothy, and paid attention to what I said."

GIVE RAM RIGHT ATTENTION During Breeding Season He Should Have Supply of Grain and Access to Good Pasture.

The ram needs grain for several weeks before and during the breeding season.

Small Digestive Tract. The digestive tract of the calf is comparatively small.

Cattle and Sheep on Clover. Cattle and sheep do well on clover pasture, but should not be turned in when hungry or while a dew is on.

Healthy Pigs on Clover. Pigs on clover are healthy, and have good bone and constitution.

Attention Saves Pigs. Saving the pigs is a large matter of personal care and attention.

Purebred Sire an Asset. A purebred sire is an asset to any community.

Protection for Stock. Protect the stock from cold rains and high winds.

BOTH BEAR THE GOODYEAR NAME

One of the tires shown above is the famous 30x3 1/2 inch Goodyear All-Weather Tread Clincher.

Alongside it is illustrated its companion, the 30 x 3 1/2 inch Goodyear Cross Rib.

Both these tires are built in a factory devoted exclusively to manufacturing Goodyear Tires for small cars.

More than 5,000,000 of the Goodyear non-skid tires have been sold in the last five years.

Both of the same high grade Egyptian cotton fabric that goes into the All-Weather Tread Goodyear, with a long-wearing but differently designed tread, they have given remarkable service.

Their quality and serviceability have proved to thousands of car owners the folly of buying unknown and unguaranteed tires of lower price.

Ask your Goodyear Service Station Dealer to explain their advantages.

30x3 1/2 Cross Rib Fabric . . . \$14.95  
30x3 1/2 All-Weather Fabric . . . \$10.75

30x3 1/2 All-Weather Cord . . . 18.00  
30x3 1/2 Heavy Tourist Tube . . . 2.80  
30x3 1/2 Regular Tube . . . 2.25

GOOD YEAR Western Canada Offers Health and Wealth

There has been considerable talk and happenings to these lands of home owners and their families who have been wishing to improve their circumstances.

Fertile Land at \$15 to \$30 an Acre. Had similar to that which through many years has yielded from 45 bushels of wheat.

Dairying, Mixed Farming and Stock Raising. Make a tremendous appeal to industrial workers wishing to improve their circumstances.

What the much-discussed pastry appeared it looked promising indeed.

"Am I sweet?" twittered she. "You are sweet," gurgled he.

"Twee!" "A pair of birds," commented an old beeholder who overheard.

The jokest way round has its shortcomings. The cynic is a man who says the spice of life is mostly wooden nutmeg.

The Boy Who Started to Town With a Hundred Dollars

The advice they gave him for getting on in the world was simple and familiar enough: "Keep what you have, and build on it. Be careful what you do and it will grow into more."

It's a safe rule—with money or health, but a good many overlook the rule with health, until they have lost what they had. Then it's hard to get a new supply.

Postum is a splendid help in saving health from the very common losses through the drug elements of tea and coffee—whose effects on the nervous system any doctor can tell you.

Thousands of people who think it wise to be careful of their health are users of Postum. They find this famous cereal beverage a delightful drink with any meal.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water.

Postum for Health—"There's a Reason" Made by Postum Cereal Co., Inc., Battle Creek, Mich.
