### THIRD RESOLUTION ON HANNA STREET SANITARY SEWER NO. 36

Resolved that the Commission hereby determine that it is expedient and advisable to construct a sanitary sewer, with necessary manholes and house connections, to be located beneath the surface of the lot Alley North of Lincoln Avenue from Watson Street to Hamilton Avenue, more particularly described as follows:

Beginning at the center of the intersection of Watson Street and First Alley north of Lincoln Avenue and extending east approximately 250 feet to a manhole near Stanley Avenue.

Be it further resolved that all the lot and parcel of land fronting and abutting the south side of said Alley above described shall be benefited by said improvement and shall constitute a special assessment district upon which a special assessment shall be levied to defray a portion of the expense of constructing said sewer, manholes, and house connections.

Be it further resolved that the Village of Birmingham shall pay 1/3 of the cost of that portion of said lateral sanitary sewer and that the lots and parcels of land contained in said special assessment district shall be assessed 2/3 of the cost of the said lateral sanitary sewer and the full cost of the remainder of said improvement, according to the benefits derived therefrom, and that the special assessments shall be divided into five installments.

Be it further resolved that the Village Manager and the Assessor of the Village of Birmingham shall submit to the Commission for its approval and disapproval all the conditions, terms, and provisions constituting said special assessment district, showing the location and dimensions of all lands and premises thereof, the proposed route of the sewer, and the amount of the cost of the same with its proposed depth, grade, diameter and all details connected with an estimate of the cost and expense of constructing said sewer, manholes, and house connections and approving the same.

The Commission will meet at the Village Clerk's office on the 25th day of August, A. D. 1922, at 7 o'clock, P. M. in the building known as the City Hall, to consider the proposed improvements and other matters of assessment herein.

HAZEL E. CLARK, Village Clerk.

### FIRST RESOLUTION ON FIRST ALLEY NO. OF LINCOLN AVENUE SEWER

### 100 PER CENT CITIZENSHIP

The wartime slogan is still our slogan: "Patriot Prompts Participation in Practical Programs."

We are asking ourselves, "what is our part in the program of today?"

We should know first the program of any enemy of the U. S. and of the general welfare of our land. In the nation-wide discussion of the 18th Amendment it is well to keep in mind important facts which are vital in our minds as we arrive at correct conclusions. The opponents of prohibition declare that in adopting prohibition, we departed from the principles upon which this government was founded.

If we read again the Preamble of the Constitution we learn that it was to form a more perfect union, promote general welfare, establish justice and secure blessings of liberty to ourselves and posterity that the constitution was adopted and from time to time amendments added.

What amendment assures more clearly to the call for "general welfare," "more perfect union," "provision for the child welfare of the land" than that which outlawed the saloon? We know the knowledge that traffic has been everywhere the enemy of domestic tranquility, the foe of the general welfare, the degradation of political life, the destruction of family happiness, and, as Bishop Lawrence in his great address to the Diocesan Convention of the Episcopal church, said, "The nation which has stopped drinking intoxicating liquors has thrown off one of the heaviest weights in the race for industrial leadership and whether you or I or any other citizen likes it or not, it is the plain duty of every citizen to respect and obey the law."

Read Collier's for July 15, 1922, when Whiting Williams proves in his article, "Saloon and Field of It," that "Prohibition is working in just the places where it ought to work." His facts are not from reformers and theorists, but employers and countrymen, engineers, labor leaders, foremen, army and navy officers, and missionaries.

"I could somehow broadcast a word or two into the ear of every person interested in good citizenship, that there is nothing like this."

"The Prohibition Amendment is giving the country's less fortunate man a better job, a better home, a better life, more efficient, better paid, better educated citizen."

"If you want them to profit by his choice, you must help."

And he concludes: "All things considered, it is a surprising and gratifying thing to find most employers, labor leaders and workers agreeing on so many angles of Henry John's policy and present status as they do."

Thus they are all practically lined up together solid against "the hard stuff whiskey." Poor old John himself does not seem to have a friend in the world, to attempt any real argument for him.

Methodist Bishops in Indianapolis adopted the following in reference to the Volstead Act: "Obedience to Law is an objective to be held in mind and refused on the basis of individual or group choice," and they add further: "Where present legislation seems inadequate let it be perfected. Where law is ineffectual, find the cause and see that it is made effective. Let us insist upon it that those who are sworn to uphold the Constitution deal with occasion and, as proscriptionists of personal judgment but as defenders of the law."

Let us choose for office those only who have by word or act established their right to recognition as the friends of prohibitory reform."

But not alone the churches, hear and law and order. In his opening address at the session of the annual Grand Lodge in Atlantic City recently, Exalted Ruler William Wallace Mountain declared it "the duty of every Elk to stand for law and order, to judge the great benevolent organization to obedience to the Volstead and all other laws" and called on Elkhood for the "best it can produce to aid civic betterment and help the nation fit its boys for American citizenship."

100 per cent officials are assured only where 100 per cent citizens stand back of them. Everytime we say "it can't be enforced" we hand ammunition to the enemy and lessen the power of men elected to office.

Attorney General Wiley says "It can be done. Commissioner Hyman says "It can be done. Every American Citizen pledged to uphold the law and in legislative and Congressional halls and every officer who takes the oath of office to uphold the Constitution says "It can be done."

Our part is to know the need and find a way to meet the need. To be patriots today as in the war time days. As then, so today, Patriotism means Service which "Promotes Participation in this Practical Program."

To know that not only the bootlegger and moonshiner violates the law, but the one who patronizes the bootlegger violates the law; that it is un-American to be a law breaker; that no law breaker can be a 100 per cent American and that no law breaker should be permitted to be a law breaker.

Three hindrances to law enforcement are Appetite, Avarice, Apathy—the greatest of these is Apathy.

Three helps to Law enforcement are Law, Officers and Citizens.

The greatest of these is 100 per cent citizenship.

## A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window moldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$390 f. o. b. Detroit
