

**BALDWIN BEACON**

A Weekly Journal Edited by the Students of Baldwin High School.

**THANKSGIVING ASSEMBLY**

This week, Nov. 29, assembly was held in the Auditorium, all classes meeting together. As it was near Thanksgiving a program of that nature was presented. The feature was a play entitled "The Newshy's Thanksgiving." The characters in the play took their parts very cleverly and were well trained. The cast was as follows: Patsy..... Robert Croome Tom..... Frank Weaver Jim..... George Wilson Debby..... Alvin Snyder Farmer Brown..... Edward Weaver Mrs. Brown..... Frances Looney Eunna..... Helen Savage Lida Brown..... Kathleen Miller Mary Brown..... Ruth Potter Dan Brown..... Myrl Johnson

Smith pointed, Hunt was right there and spilled his milk before he could take a single step. It is a thing that made this game sportsmanlike shown on the field. Very few fouls were called and those few were for offense. The Pontiac rosters thought their team was going to run away with the honors of the day like they did last year, but found out later when the final whistle blew and the score 0-0, that it was much easier said than done.

**BIRMINGHAM SECONDS LOSE TO PONTIAC SECONDS 13-0**

The Pontiac second team visited Birmingham Thursday afternoon and carried home the honors. These two teams met early in the season and played to a tie. Pontiac did not like to lose and they challenged the B. H. S. team for another battle. Birmingham gladly accepted the challenge and not without the result of a playing did Pontiac win. The score might have read the other way had Coach Drake not taken over the second team in case he needed them the following day when the first teams would clash.

**SENIOR BANQUET**

At the opening of this semester, the tickets of the Lecture Course to be presented in the Baldwin Auditorium throughout the school year, were sold by the Senior Class. Sides were checked and the side having the largest amount of money at the close of the contest were to offer a "feud" to the winners. The side led by Mark Smith won in this contest and Robert Shave's side gave the banquet. Saturday, Nov. 23, at 7:30 the Seniors made their presence known by exclaiming they smelted "something good." About 7:30 they were allowed to enter the cafeteria and eat to their heart's content. A three-course dinner was served. Brief impromptu speeches were given by Mr. Vliet, the two Senior advisors, Miss Drake and Miss Bassett; some of the Seniors and a used-to-be member of the Senior class—Miss Louise Shepherd of Detroit. Dancing completed the evening.

**BALDWIN BRIEFS**

Held Pontiac to 0-0 score Friday Dobbo says "Our men can sure play football." It is rumored that the first girls' basketball game is to be held at the school on Friday. Football season ends Thursday with Royal Oak, being the last game of the season. The first debate is to be held Friday, Dec. 8. It is here. Time three o'clock in school auditorium. The debate is with Royal Oak, Birmingham having the negative side of the question.

**WOMAN LITERARY CLUB**

The Woman's Literary Club enjoyed a delightful afternoon at the home of Mrs. Uptegraff, Tuesday last. Reports were given by the chairman of the Sunshine and Educational Committees. Mr. Vliet's talk on "Education Methods, Old and New" was exceptionally interesting and much appreciated by the club members. Instrumental music was furnished by Gerald Penn, violin, with Stanley Rosso at the piano. A group of songs were given by Mrs. Potter, with Mrs. Singers at the piano. A pleasing selection of poems on the subject of weather, by Mrs. Crawford, and a paper on "Wardrobe," prepared and read by Mrs. Gamber, completed the afternoon's program, after which tea was served by the hostesses.

The Dec. 5th meeting will be held in the parlors of the Episcopal Church, the program in charge of the World's Work Department. Max Linder in "The Three-Must-Get-Theres" at the Baldwin Auditorium, Monday night. Remember your friends with Christmas Greeting Cards, engraved from your own plate, or we will furnish the plate to order. "The Builders Shop," Maple Ave., West, adx22

The four homeless newsboys put that little money they had together and went into the country as far as their money would take them. They arrive penniless and decide to "entertain" the family. Farmer Brown's family. Farmer Brown is a funny half-grouchy old fellow dressed in his "Sunday clothes." The boys make believe that they are the only great "Metropolitan Coleremashun Dramatic Company." After much persuasion the boys are permitted to give their play and receive in payment for the entertainment a real Thanksgiving dinner.

**DEBATERS HARD AT WORK**

On Friday, P. M., Dec. 8th, at 3 o'clock another first contest of the season. Birmingham will oppose Royal Oak here, and our team will uphold the negative side of the question. The following boys comprise the debating squad and the team will be picked from the main team very soon. The boys are: Mallender, E. G. Smith, Douglas Acheson, George McKnight, John Gorte and Weir Barkman. They are hard at work and although the majority of them have had no experience are sure that they will make a good showing. The public is cordially invited to attend the first debate. The question is as follows: "Resolved, that the United States and Canada jointly should construct the deep water way to the Atlantic by way of the St. Lawrence river, as proposed in the report of the International Joint Commission, as submitted to Congress January, 1922."

**BIRMINGHAM HOLDS PONTIAC TO A SCORELESS TIE**

The game with Pontiac (Birmingham's greatest rival) last Friday was one of the fastest and most interesting games ever played on the football field. The teams played well both on offense and defense. In the early stages of the game Pontiac came very close to scoring but were held on the 12-yard line. Never after did they seem likely to score. Birmingham had the ball in their territory most of the game and twice it looked bad to the visitors. The B. H. S. team showed that they can play real football when they have the ball. The backfield men worked together and the line held very good most of the time. Smith, Birmingham's star quarter, played especially well. He made gains through the line and several times skirted the ends for about 30 yards. Although Smith's work was very good, Stan Hunt, who played left end for the local squad, was the outstanding figure of the game. Hunt broke through the line time after time, and tackled the man with the ball before he could get started.

Hunks are funny in many things. They always seek the path of least resistance and were the first to discover a straight line is the shortest distance between two points. Down in Eco City last Sunday, when the citizens were searching about for a name to give their new organization, they first hit upon the name "Eco City Improvement Association." But someone suggested that this name would be entirely too long to append to any of their literature. It was thought that too much ink and time would be wasted in writing such a long name, so "Eco Civic Association" was finally adopted.

**Don't Expect to be sick**

Too many people seem to look forward to the season of the year when their favorite disease will make itself felt. It is surprising how few of these people are disappointed. If you want sickness hunt for it, think about it and expect it. If you want health, want to live happily with those about you, want to enjoy life, want to be alive, alert and keen for the big things in life, take adjustments regularly. No honest Chiropractor guarantees results, but he will make an examination of your spine and tell you, with a remarkable degree of accuracy what chances you have of getting fit and well. If he says, "I believe I can help you," you will make no mistake in accepting this hopeful bit of encouragement. Take adjustments. There is no charge for consultation and spinal analysis.

121 E. MAPLE AVENUE

As late as last Saturday, five days after the home of T. B. Moore of the Big Beaver road, had burned completely to the ground, there still remained in the basement the glowing embers of the remains of ten tons of coal. It was seen by Charles Plimstead, Village Treasurer, who drove by there Saturday. If this coal were only in somebody's furnace—but "beggars can't be choosers."

The little verse in the Eccentric last week entitled "Heavenly Bodies," written by A. Whitehead, president of the local First National Bank, received quite a bit of praise at the Commission meeting Monday night. Village President McBride read it aloud to those present. Send in some more, Mr. Whitehead.

Mr. and Mrs. W. V. Leet of West Maple avenue, entertained a group of friends at their home, Thanksgiving Day. Among those present were Mr. and Mrs. Ed Mason and family of Franklin, Mr. and Mrs. William Leet and family of West Maple road, Mr. and Mrs. Walter Mason and family of Wing Lake, and Edwin Johnson of Pontiac.

**AT I. O. O. TEMPLE**  
The story of "The Speed Girl," which comes to the I. O. O. F. Temple Saturday, Dec. 2, concerns a fascinating little feminine dare-devil who becomes a motion picture star and only drama is promised, with a large supporting cast assisting Miss Daniels in the fun-making.

"Officer Cupid," a comedy, will also be shown.

A picture with a vital, pulsating story with an insight into one of the great factors of the present day is found in "Enchantment," a production featuring Marion Davies, to be shown at the I. O. O. F. Temple Wednesday, Dec. 6. Miss Davies shows us the real modern "flapper," that product of present-day civilization. She is spoiled but she has ideas of her own and knows how to carry them out. Men are much attached to her. They beseege her with invitations to dine and dance, and her parents decide she must be "tamed." The story tells how this doctrine was carried out.

A magazine feature completes the bill.

**CLEAN!**

THE only place where it's fun to have smoke and ashes with your food is at a picnic. Not in the home! Years back, cooking had to be done over an open fire—and it improved neither the food nor the temper. Then came stoves—and the day of wood and coal. Much better, these—and our memories still carry thoughts of those days in the kitchen. But someone had to carry out the ashes—and the smoke and dust caused many an extra hour, keeping the house clean. Today it is better—it is a different story. Today is the day of Gas Fuel—clean! "Clean!"—that is the most impressive thing about Gas. Clean homes, clean work, clean food!

It is a common—an ordinary event, to cook with Gas, so accustomed are we to it. Yet—give it a thought. Is it not an unconscious pleasure?—so easily and surely does it function. No longer the bother, and smell, and dirt—your kitchen is really miles away, connected by a long pipe—with someone else "bringin' in the fuel, and carrying out the ashes."

For you—Gas is right where you want it, under the kettle! It is there whenever you choose to use it and as much or as little as you wish. A twist of the wrist decides it!

Above all—it is Clean!

A great Organization works night and day to make it so—and 66,000 users find it so!
