Birmingham Relief Committee Asks For More Help; Many Families To Provide For

CLOTHING IS ASKED FOR

On a barren spot of ground far from any farm or cottage, stands a barn, many years old and tumbling down from its foundations.

That there are no needy families in Birmingham is a statement frequently made by local residents who do not come in contact with these sights.

The committee met last Thursday evening at the home of Mrs. Erwin H. Neff, on West Maple avenue, at which time the local school nurse, Miss Dorothy McMillan, was present to offer suggestions.

"You people think the families you are dealing with are unclean, and they are," said Miss McMillan, "but they can't begin to compare with the families of larger cities that I have worked with."

Every local citizen can give his help support at the coming movie, the funds from which are very much needed to take care of the unfortunate this spring.

By Mrs. MacAdams Nothing adds so much to the distinctiveness of household linen as does a suitable monogram, yet many women look upon this form of embroidery "with fear and trembling."

Every part of a letter having appreciable width of line should be done in satin stitch, that is, with the thread square across the line in a single stitch.

Padding should always be used under satin stitch, it is done with hand stitching. It is done with hand stitching. It is done with hand stitching.
