FAMOUS LONDON BRIDGE

Blackfriars bridge, a famous structure across the River London, was built by Robert Mytton, in 1769. Owing to its piers giving way it was replaced by an iron structure resting on granite piers. It is 1,272 feet long and 80 feet broad. The bridge derives its name from an ancient monastery of the Black Friars, which once stood on the bank of the river close at hand. It dated from 1276.

"Who copied that?" cried my lady impulsively, as she caught sight of some handwriting on a legal document before her. "Why do you ask?" queried the keen lawyer, struck by her animation and unusual tone.

My childhood knew no mother. My earliest recollection was of a kindly woman who was my godmother. Once I had asked her about my real mother, and she had replied: "Your mother, Esther, is your disgrace, and you were here."

I was resting on a bench in the beautiful wood near the great mansion when she came and sat down on the seat beside me.

My lady was in harmony and harmony through some almost forgotten ancestor. One afternoon in her London mansion Mr. Tulkington, the family lawyer, was with her in connection with the case.
