

Wing Lake Park has been rented for the summer season to the Finnish people of Detroit.

The members of the Eastern Star are planning a number of porch parties for the month of August.

PEOPLE'S COLUMN

This column will be devoted to the publishing of letters of general interest to the residents of Birmingham.

Dear Editor: Water to drink! Water for drinking! Water for sprinkling!

These were the slogans two years ago when the majority for President of the Village was about nine times that of the minority.

The people demanded water of President Clegg and Commissioners Schinckel and Quanton.

The following spring W. B. Brown was elected by a large majority to help push the water question to a successful end.

The Village trustees were empty. Nine out of ten citizens shouted for water. The Commission gave them what they demanded but it took all of one summer to do it.

Now well equipped machinery and storage tank were absolutely necessary. Success and now we have water for drinking, bathing, sprinkling and fire protection.

If anyone tries to make you think for reasons all their own that there is something wrong with the water supply now, just you step to the faucet and open it a little and you will get the correct answer.

A waterworks system of any kind should always be in the hands of its friends. Those who would destroy a water system should not be in charge of it.

The former commission and the writer worked almost night and day for months to secure the splendid conditions of today at an expense of about \$10,000.

Now that we have had the summer test applied successfully to our efforts, we feel that we may retire from further public discussion of this subject.

W. D. Clegg.
