Seven Points of Supremacy

1. The sole leather used in "FOOT-FITTERS" is of the best quality obtainable. Even the insoles are cut from standard outside leather.
2. "FOOT-FITTERS" are the only shoes in the world having full length ramps and sole leather box toes. This feature prevents ripping at the tip and makes a smooth outer and inner surface.
3. The insoles are "shoulder channelled" so that they fit tightly against the outside. There is no need or room for a cork filler. A small piece of cork is used to prevent squeaking.
4. The Calfein inside corner pocket is of great value, for it saves the wear on the socks. There is no rough surface to rub against.
5. "FOOT-FITTERS" heels are 3/4 inch longer than, generally used. They give additional support to the arch and increase the comfort and wear of the shoe.
6. The ramp is reinforced with a cork disk. This absorbs the moisture from the foot, this keeps the ramp from cracking and holds the shoe in shape.
7. Edmaded "FOOT-FITTERS" shoes are called "FOOT-FITTERS" because they fit the foot snugly. Built on combination lasts they support the foot like a doctor's lastings—"FOOT-FITTERS" give Comfort, Service and Appearance.

DURAND CIGARS, very mild. adv

"RED PEPPER" AT GARRICK

Next week at the Garrick Theatre, the Messrs. Shubert will offer the two famous blackface comedians, James McIntyre and Thomas Heath, in the musical comedy sensation, "Red Pepper," which comes to Detroit direct and intact from three months in Philadelphia and in Boston, and will leave here on April 2 to open an all-star run in Chicago at the Wood's Apollo Theatre. This new McIntyre and Heath hit, which replaced "Hello, Alexander!" in which these two fun-makers have starred during the past three years, is in two acts and seven scenes, is promised to be the most elaborate production in which they have yet appeared. Emily M. Young and Edgar Smith, authors of "The Ham Tree" and "Hello, Alexander!" are responsible for the book, while the lyrics are the joint work of Owen Murphy and Howard Rogers, and the tune-fu score was composed by Albert Gumble and Owen Murphy. The production was staged by Frank Smithson and the musical numbers arranged by Allan K. Foster. The authors have entered the action around a race horse called "Red Pepper" and the stars have abundant opportunity to display their funmaking ability.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 3 1/2 Cord	25.75	17.50	51%
32 x 4 "	36.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 35%.
3. Selling costs reduced 33%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car-owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—

Most Miles per Dollar
