

VITAL automatic vacuum cleaner

Not an Electric--not a "hand" -- but an Automatic Cleaner Makes its own power--costs nothing to run

The action of the Vital is positive and automatic it requires no Electricity, no bother with cords, no connecting or disconnecting. Just a light push and its power suction fan generates a strong air current which, with the action of its positive gear-driven revolving bristle brush, draws every particle of dust, dirt, lint, and grit into the bag. Alt makes rugs and carpets as bright as new.

The Vital is as easy to use as an ordinary carpet sweeper—and it cleans as well as an Electric Cleaner. There is nothing to get out of order. The longer it runs, the smoother it runs. Nothing to wear or burn out.

Try one in your own home—see the difference.

Ups and Downs

Life is a succession of ups and downs. When you have climbed the highest peak you go down into the deepest valley. When you are at the height of prosperity is the best time to prepare for the toboggan! The time to bank the most is when you're making the most money.

Columbia Dry Batteries work better and last longer

For doorbells, buzzers, thermostats, and alarms, use one Columbia "Bell Ringer" or two Columbia "No. 6" Batteries.

For ignition on gas engines and spators, use Columbia "Hot Shoe" Ignition Battery No. 1461. Full power when you need it most, while starting. For quick starting ignition on Fords, use the same size Columbia "Hot Shoe" Ignition Battery No. 1461. Saves your back, temper, and time. Fits under the front seat. Sold by electricians, auto supply shops and garages, hardware and general stores, and implement dealers. Insist upon Columbia.
