In Our New Home

This week witnessed the transfer of the equipment of the Birmingham Eccentric from its former home in the Telephone Building, Pierce St., Birmingham, to its new home at 126-128 North Woodward Ave.—just across from the Pestoffice.

In this new and modern location it is hoped that this institution may continue to serve its many patrons in even a better manner than it has in the past—it being the publisher's aim to ultimately give Birmingham the finest and most up-to-date mewspaper and printing office to be found in any simil town in Michigan.

Our telephone number remains the same, it being 11.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/8 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (2,000 cabs all Firestone equipped). In thousands of instances, they have given from 16,000 to \$0,000 miles. FIRESTONE 30 x 3½ FABRIC

and heavy in the center where the wear comes, tapered at the edges to make steering casy and to protect the carcass against destructive hinging, action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the research the Best of the content o

the tubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous defluences, they have thous and so finstances, they have given from 16,000 to 30,000 miles.

Look at the treadescientifically angled against skid, massive only complete.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous defluences thousand of the personal service that makes Firestone to the personal service that makes Firestone only complete.
