A Mild Laxative — CAMOMO DINNER PILLS — Never Gripe

Radio Equipment of Airplane.

There has been installed on one of the huge Goliath Biplanes engaged in the Paris-London aerial service a combined radio telephone and telegraph equipment of 35 watts antenna output, with a sending range of about 180 miles at 900 meters' wave length. The complete radio equipment, according to Radioelectricite, weighs only 125 pounds. An air-propeller-driven generator for six volts and a six-volt storage battery supply the necessary current. A three-bulb amplifier is used for receiving on all wave lengths between 300 meters and 1,000 meters.—Scientific American.

"Land of El Dorado."

The word is Spanish and means "the gilded one," because the early explorers thought there was an Indian chief somewhere in South America who used to cover himself all over with gold dust at a religious festival once a year. Now the name is applied to any country where there is supposed to be an abundance of valuable natural products.

Impressive Income.

"Dubwaite was always hard up when he was making $2,000 a year. Now he's making $20,000 a year and he's still hard up."

"Well?"

"Bill collectors will stand for a great deal more back talk from a $20,000-a-year man than from a $2,000-a-year man."—Birmingham Age-Herald.

Didn't Have That Twin.

Two Irishmen who were old friends met in the street one day.

"Sure, I met a man last week, and, bedad, I'd have sworn it was yourself," said one.

"And wasn't it?" replied the other.

"Divil a bit," replied the first. "But he was your very image, barrin' he was a trifle gray. I suppose, now, ye haven't a twin brother a few years older than yourself?"

A great person expects everything of himself; the small person expects everything of others.

Look to Your Eyes

Beautiful Eyes, like fine Teeth, are the result of Constant Care. The daily use of Murine makes Eyes Clear and Radiant, Insurable. Harmless. Sold and Recommended by All Druggists.

MURINE for your EYES

CLOTHES FOR THE YOUNG;

KNITTED WOOLEN GLOVES

A REVIEW of the display of clothes for little girls reveals many style points already familiar in modes for their elders. Designers have apparently concluded to appropriate, as many features of the mode as possible in miniatures that promise to sell readily, but they have supplemented these with other things distinctly childish.

In fabrics they have given much attention to velveteen, and it is shown in frocks for little girls, decorated with cross-stitch embroidery in colored yarns, with fancy narrow silk braid or with other fabrics, as black and white wool checks, or plain angora cloth.

CLOTHES FOR GIRLS MIMIC THOSE OF ELDERS

For dressup frocks and party dresses, crepe de chine, georgette and taffeta silk, trimmed with narrow metal-edged ribbons and gay little bunches of ribbon flowers, or tiny fruits, are prominent. The heavier crepes are also used and frocks of these crepes in bright red, sometimes with strap trimmings in black, are made much of. Bright red is liked for party frocks of georgette or light crepe de chine and petal trimmings are used on them, the petals of the same material and having picot edges. One color and one material is a safe guide to follow in making party frocks, especially in vivid shades, and georgette of crepe de chine make tiny roses, circles and petals that are artfully used in straight-hanging, short-sleeved dresses.

In outfitting the little girl, from four to fourteen, knicker suits are not to be overlooked. Plain and checked wool fabrics are attractively combined in them, one suit in beige and blue showing knickers of plain blue, gathered in to bands below the knees in blue and beige check. The long blouse, in the middy style, is of the checked goods, and a blue leather belt with metal links makes the smartest kind of finish.

A good example of the velveteen frock is pictured here. Brown, black and blue are favorite colors, with gay colors, usually, in the embroidery.

Since the mode calls for long knitted wool gloves, no longer will wintry winds send shivers of discomfort up one's loose flowing coat sleeves. Who of us has not experienced that feeling of chilled wrists and cold hands, just because our otherwise protecting coat or fur wrap has an open cuff or flare? Especially is there discomfort in the long cape when one is forced to reach out from beneath its comfortable folds. Thanks to the new knitted gloves, some of which reach almost to the elbow, this exposure of arms and hands is in the past.

With all due respect to the comfort-giving qualities of the knitted gloves, it is in handsome appearance that they make their greatest appeal. They add a decidedly up-to-the-moment touch to one's street or sports costume.

School girls delight in wearing these long knitted gloves with their slip-on sweaters. They are popular not only for sports wear, but pulled up over the long cloth sleeve of one's tailored suit, the knitted glove presents the chic of a Parisian mosquetaire.

Various styles are represented in these knitted gloves from gauntlet to long close-fitting types. They range from plain-knitted stitch, perfect fitting, to exquisite types in brush wool, which have in their fine finesse no trace of clumsiness.

A few knitted glove suggestions are represented in the accompanying illustration including: pair of brown gauntlet knitted gloves with buff border; knitted-brush wool gauntlet gloves in brown heather with green and brown-striped top; also a pair in purple heather tones, with brown and buff checked top. One finds a broad assortment of heather mixtures in any color combination desired.

KNITTED GLOVE SUGGESTIONS

In choosing a pair of these jaunty gloves here are some interesting details which go to make up the most desirable styles, namely: fine ribbed stitch fingers; rack-stitch palms; pliable ribbed-stitch wrist piece, and those with three ribs on the back of the glove as illustrated here.

COPYRIGHT BY WESTERN NEWSPAPER UNION.

A Guinea for Your Thoughts.

A revival from the days of our forebears is the new fan formed from guinea feathers. Not only the feather age, but the shape as well, is a reflection of long ago. The frame is such that the fan folds within it, after the fashion of the lorgnette.

Children's Dresses.

Children's dresses fit a combination of navy blue and flame red are decidedly attractive. The skirt portion may be in blue in plaited effect and the upper portion in the bright red, with blue trimmings or blue embroidery, in which the cross-stitch is favored. Naturally, there is a defined low waistline, which is a new note in junior modes. These dresses are shown in crepe, flannel and serge.

Costume Slips.

Costume slips are made of canton crepe or satin plaited and attached to a flat bodice. They are intended to be worn with the bloused jacket of matelasse.

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my housework most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter."—Mrs. FANNIE ROSENSTEIN, 882 N. Holly St., Phila., Pa.

Detroit, Michigan—"During the Change of Life I had a lot of stomach trouble and was bothered a great deal with hot flashes. Sometimes I was not able to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little books and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish my testimonial."—Mrs. J. S. LIVERNOIS, 2051 Junction Avenue, Detroit, Mich.

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to be very red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

More Decorous Fashion.

"French draperies are no longer so scant."

"No," rejoined Miss Cayenne. "Paris has gone into the business of clothing instead of unclothing."

Monkey Reasons.

It used to be thought that beasts and birds were guided in their action entirely by instinct, reason playing no part whatever in their daily lives. But now naturalists are not so sure. To learn to use a lever as a mechanical instrument implies, one would think, a certain amount of reasoning power. Yet a monkey kept in captivity employed a stick to pry up the lid of a chest which was otherwise too heavy for the animal to raise.

Woman's Organization Growing.

The Auxiliary of the American Legion, said to be the fastest growing woman's organization in America, has a membership of 140,000 in the 48 states, Alaska, Hawaii, the Canal zone, Cuba and Mexico. These women are divided into 5,089 posts.

Western Canada

Wonderful Stock Raising Country

Vast stretches of undeveloped fertile agricultural land of the highest productiveness await the settler in Western Canada. The land possesses the same character of soil as that which has produced the high quality of cereals that have carried off the world's premier honors so many times in the past ten years.

Native Grasses are Rich and Abundant

Cattle fatten upon them without any grain being fed.

Limited capital on high-priced lands is not a success, neither can the tenant hardened with high rents hope to succeed. The place to overcome these is in Western Canada—where *land is cheap* where a home may be made at low cost, and where *dairying, mixed farming and stock-raising give an assured profit.*

Land may be purchased from the Railway Companies or from responsible land companies or from private owners. **Free homestead of 160 acres** each are to be had in the more remote districts.

$1,000 for Some Woman OR GIRL

Who reads the new mystery story

"The Green Archer"

By EDGAR WALLACE

In THE CHICAGO DAILY NEWS

Beginning Thursday, November 2

The story—the newspaper serial story—has become the habit, and a very good habit, of the great majority of American newspaper readers. The reason is not far to seek. After the strenuous day the evening story, moving on the wings of imagination, brings with its complete change of thought and interest a benediction of mental rest that makes an almost universal appeal.

In presenting "The Green Archer"—a new story of mystery—The Chicago Daily News introduces a new feature of added interest in story reading—a distribution of $3,000 in prizes for the best solutions of the story's mystery. Here is a battle of wits that should provoke the best efforts of the reader to rank as one of the one hundred and sixty victors in the contest.

The Chicago Daily News is pre-eminently a family newspaper, and its long established daily installment of a high-grade serial story is a feature intended specially to commend it to the home circle. To emphasize—and advertise—the fact that The Chicago Daily News is a newspaper particularly intended for women's reading, the condition is made that the three thousand dollars in prizes shall be paid *only for explanations of the story's mystery sent in by women and girls.* All may read, but only women and girls may enter the contest—and win the three thousand dollars.

Conditions of the Award of $3,000:

1. To the reader from whom The Daily News receives by mail at its publication offices, 15 North Wells street, Chicago, the most complete and correct solution in all its details of the entire mystery in "The Green Archer," as it shall be disclosed in the final chapter of the story, to be published Wednesday, December 13, in The Daily News, the sum of $1,000 will be paid. The entire sum of $3,000 will be awarded in 160 prizes as follows:

For the best solution	$1,000
For the second best solution	$250
For the third best solution	$150
For the fourth best solution	$100
For the next best two solutions ($75 each)	$150
For the next best four solutions ($50 each)	$200
For the next best ten solutions ($25 each)	$250
For the next best forty solutions ($10 each)	$400
For the next best one hundred solutions ($5 each)	$500
Making a total of one hundred and sixty prizes	$3,000

2. "The Green Archer," beginning Thursday, November 2, will continue in a daily installment until Friday, December 1, on which date all but the final chapter will have been published. The interval between Friday, December 1 and Saturday, December 9, inclusive, will be allowed for forwarding the solutions of the mystery.

3. The final installment of the story, disclosing the mystery, will be published in The Daily News Wednesday, December 13.

Full particulars in THE CHICAGO DAILY NEWS

Sold by all newsdealers, who will supply a reprint of the story, from the first chapter to date, FREE.
