ANOTHER PEAR TREE RAISES SECOND BLOSSOMS THIS YEAR

Again it is reported that another pear tree has pulled the unexpected and has blossomed for the second time this year. Last week it was reported that R. J. Taylor of Southfield avenue, had such a tree, and this time S. C. Lett, living in the Beaver road, declares he has a pear tree that has achieved the same result.

Lett said that his tree bloomed in May. Mr. Lett lost its leaves about six weeks ago, after bearing one crop of fruit, and apparently it was about to die, but did not, instead, it blossomed again and sent out new leaves.

PONTIAC AND POLES CLASH IN 6' TO 6 TIE

Hamtramck Gridders Prove Lively Match For Warriors Of Pontiac High School

Playing Hamtramck high last Saturday, while the clouds soaked the spectators with a drizzling rain, Pontiac high school fought the Poles to a 6 to 6 tie. Pontiac displayed a much better brand of football than they did in the other two games they have played. On defense both teams showed up well, but on offense the block was weak. Both teams on speedy occasions failed to take tacklers out of the play.

During the early part of the game, Pontiac started out with a rush and looked as if Hamtramck was in for a good beating. But the Poles held the orange and black boys and it was not until the second quarter that Pontiac scored its only touchdown. Sherer, Pontiac back, intercepted a Hamtramck forward pass and raced 55 yards through a broken field for a touchdown. The try for point was not made. In the fourth quarter the Poles, by a series of fine plunges and line hit had judgment on the part of a Pontiac player, carried the ball over. The try for point failed. Pontiac will play Central Team Detroit on the home grounds tomorrow.

If you have a wall to repair; if you want to make a pleasant room in your attic; if you need new partitions or bins; or your wife needs a clothes hamper or a sewing table—you'll be surprised how quick, easily and economically you can do these jobs if you use

Cornell Wood-Board

Cornell-Board is all wood—an important fact to remember. It is tough wood fibre, triple-stead to resist moisture, heat and cold and it's mill-primed, ready for paint, or the attractive oatmeal finish looks right just as it is. We recommend Cornell because we know it's made to give satisfaction.

"103 Uses for Cornell-Wood-Board" is a booklet telling how you can make many useful things for the home. You can have it for the asking. Phone, write or call for it.
