## He waited too long

LAST summer one of our customers looked at ARCOLA, the wonderful new hot-water heating-system with a radiator in each room—and we urged him to buy. But he said he'd wait until Fall. And before he would definitely give us his order, there was an ARCOLA shortage. So many people wanted ARCOLA, there weren't enough to go around. This man, with many others, was disappointed. Right now we have ARCOLA on hand and more time to install them than we will have later on.

## Install ARCOLA now at lowest prices

These approximate figures give you an idea of how economically ARCOLA can be completely installed to heat—

- 3-Rooms ARCOLA with 2 radiators \$ 185.00
- 4-Rooms ARCOLA with 3 radiators \$ 250.00
- 5-Rooms ARCOLA with 4 radiators \$ 310.00
- 6-Rooms ARCOLA with 5 radiators \$ 375.00

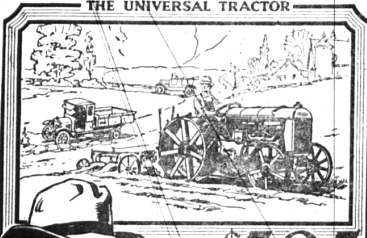

Call or phone today for an exact estimate for the complete cost of placing ARCOLA in your home.
